PREFACE.

THIS, the Nineteenth Annual issue of *The Asian Pocket Book*, has been prepared on exactly the same lines as its immediate predecessor. The features introduced in 1895 have been repeated, *i.e.*, the name of each meeting is printed as a head line to each page, while, where obtainable, particulars as to the state of the course and the starting price of the winner and the first favourite, where the former was not the popular fancy, have been given, and it is hoped that they will facilitate reference.

The returns of the meeting held under Calcutta Turf Club and Western India Turf Club Rules have been carefully compared with those contained in the Sheet *Calendar* of each Club, and, as far as possible, the same course has been adopted with meetings held under the *ægis* of the sister institutions in Ceylon and Burma, but their "broad-sheets" are less regular in their appearance, and where no official information has been forthcoming, the returns have been compiled from the reports published in *The Asian*.

"ROADSTER CARTS."

WE have pleasure in bringing to your notice our "**Improved Roadster Cart**" designed specially for Mofussil use. These Carts have all the room and comfort of a full sized Dog Cart, whilst for style and smartness of appearance they are all that can be desired.

Tea Planters and others in parts of the country with Cutcha Roads will find these Carts very suitable; they are light—weight about 4 mds. —perfectly balanced, free from knee action and have plenty of leg room. Light of draught and body hung low and the axle wide, thereby doing away with any chance of upsetting.

The Carts are made of well seasoned wood and are supplied with lamps, cushions and a net about 4′ × 3′ for carrying articles, and are good value for money. Constructed to carry 2, including Syce, or 3, including Syce, for Rs. 275; to carry 4, including Syce, Rs 325 in varnish; painted to order Rs 25 extra.

AN ORDER IS SOLICITED.

RULES OF RACING

MADE BY THE

CALCUTTA TURF CLUB.

—o—

PART I.

Interpretation and Application of these Rules.

1. "Race" includes a race on the flat, a steeplechase and hurdle race; but not so as to render a horse liable to carry extra weight in any one for winning any other of these descriptions of races.

"Horse" includes a mare or gelding, and also, unless inconsistent with the context, a pony.

"A pony" is a horse measuring 14 hands and under.

A "private sweepstakes" is a race in which stakes are made, or a fixed sum subscribed for, by the owners of three or more horses engaged, to which no money or other prize is added, and which has not been advertised previous to closing.

A regimental race confined to horses, the property of the officers of a particular regiment, shall be considered a private sweepstakes, although all the above conditions are not complied with.

"A handicap" is a race in which the weights which the horses are to carry are to be adjusted after the time limited for entering or naming, according to the handicappers' judgment of the merits of the horses for the purpose of equalizing their chances of winning.

A race at "catchweights" means a race in which the riders need not weigh before or after the race.

A "Cup" under these rules means a piece of plate or any prize not given in specie.

The "Value of a Race" means the value to the winners calculated in accordance with Rule 26.

A "Maiden" is a horse or pony which has not won a race of the value of Rs. 200 or upwards in any country.

A horse or pony does not lose his maiden by winning a match or private sweepstakes; and he is a maiden, in respect to a flat race until he has won a flat race, in respect to a steeplechase until he has won a steeplechase, and in respect to a hurdle race until he has won a hurdle race, of the value stated.

Conditions referring to maidens shall mean maidens at the time of declaration to start, unless some other time is specified.

The "Racing Calendar" comprising the "Sheet Calendar" and the "Book Calendar" are the works published under those names, respectively, by authority of the Turf Club.

2. These rules apply to all meetings sanctioned by the Stewards of the Turf Club and advertised in the official part of the Racing Calendar, or in some other authorized way, to be held subject to these rules.

The Stewards may empower any two or more persons to sanction on their behalf meetings in any particular locality, and the sanction of such persons, so long as they continue to be empowered, shall have the same effect as the sanction of the Stewards.

3. The Stewards may, at their discretion, prohibit the advertisement of any meetings in the Racing Calendar, and no meetings shall be sanctioned under Rule 2 unless the value of every

race at such meeting shall amount to Rs. 50 at the lowest possible computation.

4. Every horse running in a race of the value of Rs. 50 or upwards at a meeting in any part of India, other than the Presidencies of Madras or Bombay, as constituted on the 1st of August 1888, the territories known as Mysore and Hyderabad (Deccan) and the province of Burmah, which is not advertised in the manner and with the sanction specified in Rule 2, is disqualified for all races to which these rules apply.

The Stewards may at any time, for any good and sufficient reason, remove such disqualification.

5. These rules shall come into operation on the 1st of August 1888, and any other Rules of Racing shall be annulled as from that day without prejudice to then existing rights or liabilities.

PART II.

MANAGEMENT OF MEETINGS AND POWERS AND DUTIES OF STEWARDS.

6. The full programme of every meeting which it is proposed to hold under these rules must, before it takes place, be submitted to the Secretary of the Turf Club, or to the persons (if any) empowered under Rule 2 to sanction such meeting.

The days on which the meeting is to be held shall be published in the Racing Calendar, or in such other way as may be authorized with the announcement that it is to be held under these rules.

The Stewards of the Turf Club may, with reference to the character and locality of a meeting,

exercise their discretion in publishing the whole or any portion of a programme in the Racing Calendar.

This rule shall not prevent the addition of a new race, the terms of which are consistent with these rules subsequent to the submission of a programme.

7. The programme shall state the days on which the meeting is to commence and end, the dates for entering for the different races, the names of a Secretary and of three or more persons as Stewards, the fees of all descriptions which are payable at the meeting and the general conditions, if any, under which it is to be conducted.

Powers and Duties of Stewards.

8. (i) The Stewards of a meeting shall have full power to make all such arrangements for the conduct of the meeting as they think fit; and to regulate and control the conduct of all officials, and of all jockeys, grooms and persons attendant on horses: and to determine all questions or disputes arising between any persons at or in relation to anything done or omitted to be done in reference to racing.

(ii) They shall have power to punish at their discretion any paid official or jockey or other person, subject to their control, with fine or with suspension from acting or riding at the meeting, and to report to the Stewards of the Turf Club any further punishment which they consider necessary:

Provided that they shall not fine any person more than Rs. 250.

9. They shall exclude from the stands, enclosures and other places under their control, every person who has been warned off the Calcutta Course, and every person who is a declared defaulter for bets or lotteries, and every person whose name is in the Unpaid Forfeit List, and which has been so published in the Racing Calendar, also every jockey

or trainer who has been suspended for corrupt practices on the Turf, so long as the sentence against such person remains in force. They shall further have power to exclude at their discretion any person from all or any places under their control.

10. If the owner, part-owner, or person having the charge of a horse running at the meeting is accused of corrupt or fraudulent practices in connection with such horse, the Stewards shall enquire into the truth of the accusation, and if in their opinion it is established, they may exclude such owner or other person from all places under their control as in the last rule provided; they may also disqualify for the rest of the meeting any horses in which he is interested either as owner, part-owner, or confederate, or they may inflict any lesser penalty as they think fit.

The Stewards shall record the statement of all persons whom they examine in the course of the enquiry, and they shall submit the proceedings with their written decision to the Stewards of the Turf Club, who have power to extend the punishment to the extent they deem necessary.

11. (i) The Stewards shall have power at any time, and either upon or without objection made, to order an examination by such person or persons as they think fit, of the mouth of any horse entered for a race, or who has run in a race.

If a horse be declared to be of the wrong age, the expense of such examination shall be paid by his owner; otherwise it shall be paid by the person (if any) at whose request the examination is ordered, or out of the Race Fund of the meeting as the Stewards direct.

(ii) The Stewards shall also have power to call on any person in whose name a horse is entered to produce proof that the horse entered is not the property, either wholly or in part of any person whose name is in the Unpaid Forfeit List, or otherwise disqualified, or to produce proof of the extent of his interest or property in the horse, and

in default of such proof being given to their satisfaction, they may declare the horse disqualified.

12. In the absence of any Steward, the Stewards present may appoint a deputy.

13. The Stewards in case of urgent necessity may, from time to time, put off any races from one day to any other day in the same or in the ensuing week.

14. The powers of the Stewards or their deputies continue after the meeting for all purposes relating to disputes, objections, penalties and disqualifications connected with that meeting.

15. An appeal shall lie to the Stewards of the Turf Club from every decision or order of the Stewards of a meeting made under Rule 10, or imposing a penalty, pecuniary or otherwise, on any person.

Judges, Starters and other Officials.

16. (i) The Stewards shall arrange for the discharge of the duties of Judge, Starter, Clerk of the Scales, and of any other duties which have to be performed.

A race cannot be decided unless the Judge, or his authorized deputy or substitute, or a Steward, occupy the Judge's box when the horses pass the winning post.

(ii) The Judge shall report to the Stewards or to the Secretary in writing the result of the race.

17. The Stewards shall, at the close of a meeting, send to the Secretary of the Turf Club a return of all the races run, showing the name and terms of each race, the names of all the horses which ran and of their riders, the correct weight carried by each, the value of the stakes to the winner, the order in which the horses were placed by the Judge, the distance as nearly as possible between such horses, and any other particulars which the Stewards of the Turf Club may require.

PART III.

GENERAL.

18. The Racing Season or year begins on May 1st and ends on April 30th.

19. Horses are divided into four classes—English, Australasian, Country-bred and Arab.

European and North American horses shall be classed with English ; African and South American horses with Australasian ; Persian horses with Arab ; other Asiatic horses with Country-bred.

Horses shall be classed according to the country in which they were got and foaled. If a horse was got in one country and foaled in another, the two falling within different classes, his country shall be the one included in the class to which the higher weight is allotted in the scale of weights in Appendix A.; if the two fall within the same class, his country shall be the one in which he was foaled.

A country-bred horse is a horse got, foaled and kept in India or Burma until he first starts for a race.

20. The age of a horse of English, Country-bred and Arab class shall be reckoned from the 1st of January ; of the Australasian class from the 1st of August.

The age of a pony of any class shall be reckoned from 1st of May.

21. In the absence of any condition to the contrary, the scale of weights in Appendix A. shall apply to all "weight-for-age" and "weight-for-age and class" races; and in "weight-for-inch" races the allowance shall be 3lbs. for every quarter of an inch.

22 (i) No horse or pony shall carry less than 6st. in a flat race, and no horse shall carry less

than 9st. 7lbs. in a steeplechase, or 9st. in a hurdle race.

Matches and private sweepstakes are not affected by this rule.

(ii) No horse shall receive allowance of weight or be relieved from extra weight for having been beaten in one or more races: provided that this rule shall not prohibit maiden allowances.

(iii) Where winners of selling races are exempted from penalties, only such horses as have run to be sold shall be entitled to the allowance.

(iv) There shall be no allowances and no penalties in handicaps, except penalties for winning a race after the publication of the weights. But this rule shall not prevent an allowance to gentlemen riders or a penalty on professional riders, if such allowance is expressly given or such penalty is expressly imposed.

(v) Allowances and extra weight shall not be allowed or incurred in respect of matches and private sweepstakes, and penalties are not cumulative unless so declared by the conditions of the race.

23. When there are no selling allowances, an allowance of 3lbs. shall be given to mares and geldings in "weight-for-age" and "weight-for-age and class" races. It shall also be given in "weight-for-inch" races, unless disallowed by the terms of the race.

The claiming of an allowance of any kind is optional.

24. If in a handicap the highest weight accepting is less than 9st., it shall be raised to 9st., and the other weights shall be raised equally.

The highest weight may be raised above 9st., if notice of the intended increase is given when the handicap is published; but it shall not be raised to more than the original top weight in the handicap, or in a flat race other than a handicap with welter weights, to more than 9st. 10lbs. in any case.

25. The following rules shall apply to the conditions of every race :—

(i) In calculating the penalties to be carried by a horse in a race, no race, prior to the current and the two preceding racing seasons, shall be taken into account, unless the terms of the race expressly provide to the contrary giving a date from which penalties are to count.

(ii) A " winner " shall mean a winner of a race of the value stated in the conditions. If no value is stated, a winner shall mean, in a race which is confined to maidens at the time of declaration to start, a winner of a race of the value of Rs. 50 and upwards ; in a race which is not so confined a winner of a race of the value of Rs. 200 and upwards.

A horse does not become a winner by winning a match or a private sweepstakes.

The above definition does not apply to a winner of races of an aggregate value, or of a sum of money.

(iii) The winnings of a horse shall include all prizes of the value and for the time specified in the conditions gained by walking over, receiving forfeit or otherwise, except prizes for running second, or in any lower place, or for winning a match or private sweepstakes :

Provided that no prize below Rs. 50 in value shall be included.

If no value is specified, the winnings shall include all prizes of the value of Rs. 50 and upwards gained as aforesaid.

(iv) Unless otherwise provided, the terms " a winner " and " winnings " shall, respectively, mean a winner of, and winnings in, a race in any country of the same description (namely, flat race, hurdle race, or steeplechase) as that in which the terms are used.

(v) Unless otherwise provided, the value of a prize won out of India shall be computed at the par value of the rupee, and the sicca rupee shall be

estimated as of the same value as the current rupee.

(vi) Unless otherwise provided, conditions which require that a horse shall be qualified in some particular way, shall mean that he is so qualified at the time of entry, as well as at the time of declaration to start.

26. In estimating the amount a horse has won in any race, account shall be taken of any cup or money, whether derived from stakes or any other source, gained by him for his owner or for any other person, only his own stake and entrance and any money payable to other horses by the conditions of the race being deducted.

27. (i) No fee or forced subscription shall be levied or taken from any person by way of a winning fee.

(ii) When the entrance money or forfeits for a race go wholly or in part to the race fund, the fund shall contribute towards the prizes for such race a sum which shall not be less than the total amount of the entrance money and forfeits appropriated.

(iii) When the prize is a cup, its value shall be advertised.

28. Under no circumstances shall the value of a race to the winner be reduced to less than Rs. 50, and no race shall be run for, nor shall a horse walk over for any race which is of less value.

29. Every race run under these rules shall be taken to be of the value stated in the Racing Calendar.

PART IV.

ENTRY AND SUBSCRIPTION FOR RACES.

30. A horse shall not be qualified to run for any race unless he has been and continues duly entered for the same.

A horse is duly entered if the alterations referred to in Rule 42 are allowed and made in connection with his entry.

31. (i) A time and place for the entry of horses for every race must be fixed and advertised.

(ii) The list of entries shall be closed at the advertised time, and no entry shall be permitted, in any case or on any terms after that time.

(iii) If no hour is fixed for closing the list shall not be closed till 10 P.M. on the advertised day.

32. Entry shall be made by writing, signed by the owner of the horse, or by some person deputed by him, or by telegraph. Entries by telegraph must, however, be confirmed in writing at the earliest possible opportunity.

It shall state the name of the owner and the description and the name (if any) of the horse, and, if so required, the age of the horse, at the time of entry.

Description includes colour, class and sex.

Entrance money must (if so required) be paid at the time of entry, or the entry may be refused.

33. In entering a horse for the first time he shall be fully described by stating, in addition to his colour, class, sex and age, the names of his sire and dam, if known. If the dam was covered by more than one horse, the names of all must be stated. If the names of the sire and dam are not known, and their pedigrees are, the latter must be given. When, however, a horse cannot be described by pedigrees, he must be distinguished by a name.

34. The particulars as mentioned in the last Rule must be repeated in every entry of the horse until he has run under a name in a race subject to these Rules.

In any entry, after he has so run, it will be sufficient to enter him by name and description only without pedigree :

Provided that, if a horse be entered with a name for the first time in several races at the same meeting closing on the same day, the pedigree need not be added in more than the first of such entries.

35. Whenever the name of a horse which has run at a meeting in India or Burma under the Rules hereby repealed, under these Rules or under the Rules of the Western India Turf Club, or which has run in any other country, is changed, his old name as well as his new name must be given in every entry until he has run under his new name and the change has been published in the Racing Calendar.

36. A name may be claimed for a horse—

(*a*) By running him under a name in a race subject to these Rules.

(*b*) By naming him when he is first classed, aged or measured under the Rules in Appendix B.

When a name has been claimed for a horse, any other horse for which the same name is afterwards claimed must be distinguished by the numerals II or III, &c. If the same name is claimed for two or more horses at the same time, the order of priority shall be determined by lot by the Secretary to the Turf Club Any person running a horse under a name in contravention of this Rule shall be liable to a fine of Rs. 200.

37. When a name has been claimed for a horse and his owner intends to change the name, he must intimate his intention and send particulars sufficient to identify the horse, with a fee of Rs. 25 to the Secretary of the Turf Club. The new name will then be registered, and a certificate of the change will be granted. Any person changing the name of a horse in contravention of this Rule shall be liable to a fine of Rs. 200.

38. No assumed name of an owner shall be used in any subscription or entry, unless such assumed name is duly registered as follows :—

(i) The person intending to use an assumed name must register it annually in the office of the Turf Club. A registration continues effectual during the current racing year.

(ii) A person cannot have more than one assumed name at one time, nor can he use his real name in any subscription or entry so long as he has an assumed name registered.

(iii) An assumed name may be changed at any time by registering a new assumed name.

(iv) A person cannot register as his assumed name a name which has been already registered by any other person, or the real name of any other person, who runs horses in races in such other person's real name.

(v) On every registration or change of an assumed name, there must be paid at the office of the Turf Club to the credit of the Club a fee of Rs. 10.

39. A person who subscribes to a race for which horses have to be nominated at some future time has the right of transferring the right of entry under any one or more of his subscriptions to any other person or persons.

40. Subscriptions, when no entry has been made under them, become void on the death of a subscriber.

41. Entries (except entries made under another person's subscriptions) become void on the death of the person who made the entry, unless some person shall undertake in writing to be responsible for them, and for the liabilities of all the horses of the deceased person in connection with all races for which such horses are entered.

42. An entry to a race may, before the time fixed for closing in respect of such entry, be altered or withdrawn. After the expiry of such time, no alteration and no addition other than the following shall be made :—

(*a*) If a horse has been duly described a name or number may be added.

(*b*) If a horse has been entered with a wrong age or an incorrect or imperfect description, the Stewards, if satisfied that the error was accidental, may allow it to be corrected at any time before the race, on payment of such (if any) fine, not exceeding Rs. 50, as they may think fit to impose.

(*c*) If the horse has been entered by the owner in an assumed name which is not registered, or in his real name when he had an assumed name registered, the Stewards, if satisfied that the owner was not disqualified when the entry was made, and that no fraud or evasion of any Rule was intended, may, at any time before the race, allow the real name, or, the assumed name (as the case may be), to be supplied on payment of a fine which shall not be less than Rs. 16 or more than Rs. 50.

This rule does not admit of any correction which amounts to the substitution of another animal for the one entered.

43. All horses entered must, if required, be shown to the Stewards within such reasonable time before the race as they may direct.

44. All partnerships, and the name of every person having any interest in a horse, must be declared in writing to the Secretary of the meeting at or before the time when the horse, which is a joint-property, or in respect of which any person other than the person who entered him has an interest, is declared to start for any race at the meeting. If no declaration is made, such horse is liable to be disqualified.

If any partnership is formed, or any interest accrues between the time stated and the time appointed for the start, it must be declared at the earliest possible moment. In default, the like liabilities shall be incurred.

45. If a race closes with less than three entrances or subscriptions in separate interests, it is void, and the entrance money shall be returned.

PART V.

STAKES AND FORFEITS.

46. A person entering a horse for a race thereby becomes liable for the entrance money and stake or forfeit.

A person subscribing to a race for which horses have to be nominated at some future time is liable for the stake or forfeit; but if he transfers the right of entry to any other person he is liable only in case of default by the transferee, and in that case he may recover it from the transferee.

A person taking an entry under another person's subscription, where forfeit must be declared by a particular time, if he do not declare forfeit by that time, shall be considered to have taken the engagement on himself and the original subscriber shall cease to be liable.

47. Entrance money, stakes and forfeits must be paid in cash (if required) to the person authorized to receive the same. The Secretary of a meeting shall account to the owner of every winning horse, or his agent, and shall pay over all added money, stakes and entrance money which such owner is entitled to receive within 15 days after the last race-day of the meeting.

48. A jockey shall not be weighed out for any horse for a race unless there have been previously paid—

(i) Any entrance money, stake or fee payable in respect of that race.

(ii) The jockey's fee in respect of the race if the Stewards require this to be paid under Rule 86 (iii).

(iii) All arrears due from any person for such horse, or due for the same or any other horse from any person by whom such horse is wholly or partly owned, or in whose name or under whose subscription he is entered.

In this Rule arrears include any sum payable for fines, fees, jockeys' fees, entrance money, stake or forfeit in respect of any race run at the same or any other meeting in India or Burma under these Rules or under the Rules of the Western India Turf Club, and any sum in respect of which any person has been declared a defaulter: Provided that arrears, in respect of a meeting at any other place than the place at which the race is run, shall not be included, unless such arrears are entered in the last Unpaid Forfeit List published in the Racing Calendar, or, should there have been no time to make such publication, declared in writing signed by the Secretary of the Turf Club, or by the Secretary of the meeting at which the arrears accrued to the Secretary before 10 in the evening preceding the race.

The Unpaid Forfeit List.

49. An Unpaid Forfeit List shall be kept at the Office of the Turf Club, and shall be published in the Racing Calendar at such times as the Stewards of the Turf Club may direct. It shall include all due and unpaid entrances, stakes, fines, jockeys' fees and forfeits which have been duly notified to the Stewards of the Turf Club, or which such Stewards find to be due, and shall state the real name or names, and the assumed name or names (if any) of the persons from whom and the horses (if any) in respect of whom the sums are due.

All sums entered and published in this list must be paid directly into the office of the Turf Club.

Notification of all due and unpaid entrances, stakes, fines, jockeys' fees and forfeits must be made by the Secretary or Stewards of a meeting, or by the person to whom the same is due, to the Secretary of the Turf Club without delay.

If there is undue delay the Stewards of the Turf Club may decline to act on the notification.

Arrears due at a meeting held under the Rules of the Western India Turf Club, and which it is

desired to enter in the Unpaid Forfeit List must be certified by the Secretary of that Club.

So long as the name of a person is in the Unpaid Forfeit List, he cannot subscribe to any race or sweepstakes ; and no horse can be entered by him or under his subscription for any race, whether acting as an agent or otherwise, and no horse which has been entered by him or in his name or under his subscription, or of which he is wholly or partly the owner, shall be qualified to run for any race ; and so long as any horse is in the Unpaid Forfeit List, such horse shall not be entered or run for any race.

PART VI.

The Race.

50. (i) A horse shall not be qualified to run in a race unless a declaration of the intention to start him has been made. An omission to declare is equivalent to a declaration of forfeit. The declaration shall contain such particulars, and shall be made in such form and at such time as the Stewards of the meeting may direct. If the name of the jockey has to be, and is declared, and the jockey is changed without the consent of the Stewards, the person responsible for the declaration shall be liable to a fine which shall not exceed Rs. 500, and he shall be liable to a fine which shall not exceed Rs. 200 for any other error or omission in furnishing the particulars called for.

(ii) The owner is liable for the entire stake of a horse which he has declared to start : Provided that, if for any reason, the full advertised prize is not given, the owner may declare his intention of not starting his horse at any time before a recognised lottery is held on the race, or, if there is no such lottery, a quarter of an hour before the time fixed for the race. In such case the owner need not start his horse, and is not liable for more than he would have had to pay if no starting declaration had been made.

(iii) The Stewards may demand an explanation from the owner or person in charge of a horse which has been declared to start and does not start for any cause other than that above stated, and if no satisfactory explanation is given, may fine him in a sum which shall not exceed Rs. 500, in addition to any penalty to which he may be subject under Rule 10.

WEIGHING OUT.

51. (i) Every jockey must be weighed for a specified horse by the Clerk of the Scales or by some authorized person at the appointed place.

(ii) If a jockey intend to carry overweight, he must declare the amount thereof at the time of weighing out, or, if in doubt as to his proper weight, he may declare the weight he intends to carry.

If extra or special weight be declared for any horse, such weight shall be exhibited with the number of the horse, on the official card outside the weighing-room.

(iii) It is optional for the jockey to weigh out or in with his bridle, and the Clerk of the Scales or other authorized person shall, if requested, allow 1lb. for a curb or double bridle, but if a horse run in a hood, muzzle, martingale, breast plate, or clothing, it must be put into the scale and included in the jockey's weight.

(iv) No whip or substitute for a whip shall be allowed in the scales.

52. No person shall, without special leave from the Stewards, in writing, be admitted to the weighing-room, except the owner, trainer and jockey, or other person having the care of a horse engaged in the race.

STARTING.

53. (i) Every trainer shall have his horse at the post ready to start at the time appointed by the Stewards, and every jockey is to be there ready to start at the same time. Every trainer or jockey making default herein shall be liable to be fined a sum not exceeding Rs. 100.

(ii) The horses must be started by the person authorized by the Stewards to start them. No horse, when once under the Starter's hand, shall go back except in the case of an accident.

(iii) The Starter may give all such orders and take all such measures as are necessary for securing a fair start, and in particular he may, if he thinks it necessary, order the horses to be drawn up in a line as far behind the starting post as he thinks necessary.

(iv) The horses must be started from a walk. If the Starter allows a start to take place in front of the starting post, the start is void, and the horses must be started again.

(v) The horses shall (so far as practicable) be drawn up before the start in an order (reckoned from the whip hand) to be determined in such way as the Stewards may direct.

(vi) If any delay shall have taken place in the start, the Starter shall report by whom or by what cause the delay was occasioned.

54. When any owner runs more than one horse in a race, each horse shall be run upon its merits, and no plea of declaration shall entitle an owner to prevent one of his horses winning in order that he may win with another.

Running.

55. (i) In a flat race a horse which crosses another is disqualified, unless it be proved that he was two clear lengths ahead of the other horse when he crossed.

(ii) In a flat race, if a horse or his jockey jostle another horse or the jockey of another horse, the jockey which jostles the other is disqualified, unless it be proved that the jostle was wholly caused by the fault of some other jockey, or that the other horse or his jockey was partly in fault. Every horse belonging to the owner of the disqualified horse, or in which he shall have a share running in the same race, may also be disqualified.

56. In a steeplechase or hurdle race the Stewards may disqualify any horse and every horse belonging to the same owner, or in which he shall have a share, running in the same race, from being declared the winner, although he should come in first, if it can be clearly proved to their satisfaction that the jockey, by any deliberate foul riding, intended to knock down any horse, or in any determined way jeopardise his chance of success in the race. The Stewards may fine a jockey for this offence any sum not exceeding Rs. 250, and may suspend him after the last race that day until the expiration of the meeting. If they consider the case requires more severe punishment, they must at once submit it to the Stewards of the Turf Club, who may inflict such further penalty as they deem fit.

57. If in a race of any description a horse run the wrong side of a post, he must turn back and run the course from the point at which he left it.

58. If a race of any description has been run by all the horses at wrong weight or a wrong distance, or when the Judge is not in the box, the Stewards shall order it to be run again after the advertised time of the last race of the same day, if possible, otherwise on the next race-day.

59. In a flat race, other than a match, when only one horse appears, he must walk over except by consent of the Stewards. But on a division after a dead-heat, it shall not be necessary for a horse to walk over.

In a steeplechase or hurdle race, other than a match, a walk over is in no case necessary, either after a dead-heat or otherwise. It is sufficient if a horse be weighed for, mounted and proceed to the starting post, when, if no competitor appears in due time, he shall be considered the winner of the race.

In the case of a match, either on the flat, over hurdles, or across-country, a horse must walk over except by the consent of the other persons engaged.

(The following Rules are applicable to Steeplechases only.)

60. (i) Any horse getting away from his jockey may be remounted and ridden for the remainder of the race, provided that no jumps shall be evaded. Any jockey so losing his horse may be assisted in catching him and remounting him without risk of disqualification; and in the event of a jockey being disabled, his horse may be ridden home by any person of sufficient weight, provided he is qualified according to the conditions of the race. No penalty shall be exacted for carrying overweight in this instance.

(ii) If any flag, post, or boundary mark be placed in the course—no matter by whose order—after the jockeys have been shown over the ground, or had the line of country pointed out or explained to them, it shall not be considered binding or of any effect, unless such alteration or additions shall have been particularly named previous to starting to all the jockeys about to ride in the race by one of the Stewards, the Clerk of the Course, or by their representative.

(iii) In the absence of any flag, post, or boundary mark, or being directed to go any particular course, the rider may take his horse from jump to jump.

(iv) If a horse refuse any jump, and it can be proved to the satisfaction of the Stewards that he has been led over a jump by any of the bystanders, or has been given a lead over one by any horseman not riding in the race, the horse shall be disqualified from winning, although he should come in first.

(v) Any rider evading any jump will disqualify his horse from winning, although he should come in first, and the rider will be dealt with as the Stewards may deem fit.

Weighing in.

61. (i) Every jockey must, immediately, after pulling up, ride his horse to the place of weighing

dismount, and present himself to be weighed by the Clerk of the Scales or other authorized person:

Provided that if a jockey be prevented from riding to the place of weighing by reason of accident or illness, by which he or his horse is disabled, he may walk or be carried to the scales.

(ii) If a horse carry in a flat race more than 2lbs., and in a hurdle race or steeplechase more than 4lbs. over his proper or declared weight, he is disqualified, unless the Stewards be satisfied that such excess of weight has been caused by wet.

(iii) If a jockey do not present himself to weigh in, or be short of weight, or be guilty of any fraudulent practice with respect to weight or weighing or dismount before reaching the scales, or touch (except accidentally) any person or thing other than his own equipments before weighing in, his horse is disqualified, unless he can satisfy the Stewards that he was justified by extraordinary circumstances.

(iv) The Clerk of the Scales or other authorized person shall always put 2lbs. extra in the case of a flat race, and 4lbs. extra in the case of a hurdle race or steeplechase into the scale to prove that the horse has not carried too much weight.

(v) He shall in all cases weigh in the riders of the horses placed by the Judge.

Dead Heat.

62. (i) A dead-heat for the first place shall be run off after the last race on the same day (except by special permission of the Stewards), unless the owners agree to divide. The other horses shall be deemed to have been beaten, but they shall be entitled to their places (if any) as if the race had been finally determined the first time.

(ii) If a dead-heat be run by two or more horses for second or any lower place in a race, the owners shall divide, subject to the provisions of Part VII, where the winner is objected to, and if they cannot agree as to which of them is to have a cup or other prize which cannot be divided, the question shall be determined by lot by the Stewards.

(iii) When owners divide they shall divide equally all the monies or other prizes which any of them could take if the dead-heat were run off.

(iv) Horses running a dead-heat for a race or place shall be deemed winner of the race or place until the dead-heat is run off, or the owners agree to divide, and if the owners agree to divide, each horse which divides shall be deemed a winner of the race or place for which he divides.

(v) On a dead-heat for a match the match is off; or, if run over again, is a fresh match.

Second Money.

63. Any money or prize which by the conditions is to go to the horse placed second, or in any lower place in the race, shall, if the winner has walked over, or no horse has been so placed, be dealt with as follows, namely :—

(i) If it be part of the stakes, or plate, it shall go to the winner; or

(ii) if it was to be given as a separate donation from the Race Fund, or any other source, it shall not be given at all; or

(iii) if it is entrance money for the race, it shall go to the Race Fund of the meeting, unless, under the provisions of Rule 27, clause ii, it must be given to the winner.

PART VII.

Objections.

64. The determination of a Judge, declaring a horse to have won or to be entitled to a place shall be final, unless an objection is made and

allowed on the ground of disqualification : Provided that this rule shall not prevent a Judge from correcting any mistake.

65. (i) Every objection must be made by the owner, trainer, or jockey of some other horse engaged in the same race, and must be made to a Steward, or the Judge, or Secretary, or Clerk of the Scales in writing and signed, and the objector shall at the time he makes it deposit the sum of Rs. 50, which, in the event of the objection being decided to be frivolous or vexatious, shall be forfeited to the Benevolent Fund, or, if otherwise, returned to the objector.

An objection may also be made without deposit by a Steward or a recognized official of a meeting.

(ii) If an objection to a horse engaged in a race be made not later than 2 P.M. of the day before the race if the race is to be run on the following morning, or not later than 10 A.M. of the day of the race if it is to be run in the afternoon of that day, the Stewards may require his qualification to be proved before the race; and in default of such proof being given to their satisfaction, they may declare him disqualified. If the objection cannot for any reason be decided before the race, or if the Stewards are of opnion that time should be allowed to furnish the proof required, the horse shall start under protest and subject to the result of the objection.

(iii) An objectin to any decision of the Clerk of the Scales must be made at once.

(iv) An objection to a horse on the ground of a cross or jostle, or of his not having run the proper course, or of any other matter occurring in the race, must be made within a quarter of an hour after the finish.

(v) An objection on the ground of fraudulent misstatement or omission in the entry under which a horse has run, or on the ground that the horse which ran was not the horse which he was represented to be in the entry, or at the time of the

race, may be received at any time within 12 months after the race.

(vi) In any other case an objection shall be made within 48 hours of the time fixed for the last race of the meeting, exclusive of Sunday.

66. Every objection shall be determined by the Stewards, and their determination shall be subject to appeal to the Stewards of the Turf Club.

The appeal shall be lodged with the Stewards of the meeting within three days from the date of the decision appealed against, and shall be accompanied by a deposit of Rs 100, which shall be forfeited to the Benevolent Fund, if the appeal is found to be frivolous or vexatious; otherwise, it shall be returned to the person appealing.

No appeal shall be entertained after the expiry of the time above specified, unless the Stewards of the Turf Club are satisfied that there is good and sufficient cause for the delay, in which case they may entertain it.

67. If an objection to a horse which has won or been placed in a race be declared valid, the horse shall be regarded as having been last in the race, and the other horses shall take positions accordingly.

68. When a dead-heat is run for second place and an objection is made to the winner of the race, if such objection be declared valid in time for the dead-heat to be run off on the day of the race, the Stewards may direct it to be run off accordingly; otherwise, the horses which run the dead-heat shall divide.

69. An objection once made cannot be withdrawn without leave of the Stewards.

70. Pending the determination of an objection any money or prize which the horse objected to may have won, or may win in the race, shall be withheld until the objection is determined by the Stewards, and any forfeit payable by the owner

of any other horse shall be paid to and held by the Secretary for the person who may be determined to be entitled to it.

If an appeal against the decision of the Stewards, together with a deposit of Rs. 100, is lodged with such Stewards within the time specified in Rule 66, the stakes shall be withheld, until the appeal is disposed of.

When any race is in dispute, both the horse that came in first, and any horse claiming the race, shall be liable to all the penalties attaching to the winner of that race till the matter is decided.

The disposal of Objections and Appeals to the Stewards of the Turf Club.

71. (i) The Stewards of a meeting shall fix a time and place for disposing of every objection which has been duly preferred, and they shall make a memorandum of all the evidence taken. The decision shall be that of the majority, and shall be recorded and signed by the Stewards who take part in it. Provided that any Steward who dissents may record his dissent.

(ii) If an objection involves questions of fact as well as of the interpretation or application of these Rules, the Stewards must decide the question of fact, and if they are unable to decide the other questions, they may refer the same to the Stewards of the Turf Club for decision. On such decision being communicated to them, they shall dispose of the objection in accordance therewith.

(iii) No Steward shall take part in the decision of any matter in which he is directly or indirectly interested. If a Steward is incapacitated by this rule from acting, the remaining Stewards may, if they think fit, appoint some one to act for him.

72. If the Stewards refuse to entertain an objection which is formally and properly made; or if within seven days of such objection being lodged they fail to decide it, the person who has made the objection may report the case to the Stewards of

the Turf Club, who may, at their discretion, decide the matter, and, if they consider there has been any negligence, order any expense which may thereby arise to be defrayed out of the funds of the meeting at which the case occurred.

73. The Stewards of the meeting shall at once forward an appeal to the Secretary of the Turf Club, whether it is lodged within the time specified in Rule 66 or not, together with the amount deposited, and all the proceedings held by them in and relating to the objection, and any further statement they may wish to make regarding it.

PART VIII.

HORSES ENTERED TO BE SOLD.

74. (i) Any horse running for a race "to be sold" shall, if a winner, be liable to be sold for the selling price; if a loser, for the selling price added to the value of the stakes, according to Rule 26.

If the selling price is not stated at time of entry, the horse shall be entered at the highest selling price.

Unless otherwise provided in the conditions of the race, the winner shall be sold by auction immediately after the race, and any surplus over the selling price shall be divided between the owner of the second horse and the Race Fund of the meeting; a losing horse shall also, if any one having a horse running in the race has within a quarter of an hour after the race, expressed a wish to buy such horse, be put up to auction in the same way, and any surplus over the selling price and the value of the stakes shall go to the Race Fund of the meeting.

(ii) A horse sold under the preceding clause shall not leave the place of sale without the authority of the Secretary, and if the horse be not paid for, or the Secretary be not satisfied with the security for payment offered within a quarter of an

hour he may order the horse to be put up a second time, and the purchaser at the first sale shall be responsible for any deficiency arising from the second sale, and shall be declared a defaulter until it is paid.

75 (i) Unless specially permitted by the conditions, no claiming shall be allowed in any race for which horses are entered "to be sold" If claiming is allowed, the claiming price shall be that stated in the first clause of Rule 74 as regards the winner and loser, respectively, and the claim must be made within a quarter of an hour after the race. The owners of horses placed shall have priority in the order of their places, and if the owners of two or more horses having equal rights claim, they are to draw lots. The owner of the winner has the last claim, but no person can claim more than one horse.

(ii) A horse claimed shall not be delivered till paid for, and payment shall be made by 2 P.M. of the day of the race, if it is run in the morning, or by 9 P M., if it is run in the afternoon, otherwise the claimant forfeits his right. If payment is not made and none of the other persons entitled accept the horse, the owner may insist on the first claimant taking and paying for it, and if he refuse or neglect to do so, he shall be declared a defaulter in respect of the price.

76. No horse shall be liable to be sold or claimed unless the full added money is given. If a horse walks over for a selling race to which the full added money is given, he will be liable to be sold, and any surplus above the selling price will go to the Fund.

Provision in case of Objection or Dead heat.

77. The foregoing Rules relating to claiming and selling races shall be subject to the following provision in cases where a horse is objected to under the provisions of Part VII of these Rules :—

(i) If the objection has not been made until

after the horse has been bought or claimed and the objection be declared valid, then in the case of a sale, if the price was less than the price of a beaten horse under Rule 74, the sale is void, and the horse shall be returned; if the price was greater, the buyer shall have the option of returning him or of retaining him at the price given.

In the case of a claim the claimant shall have the option of returning him or retaining him at the price of a beaten horse.

(ii) If the objection be made before the horse has been claimed or bought, the time for delivering him is thereby postponed, until such time after the determination of the objection as the Stewards appoint, and if the objection be declared valid the provisions of clause (i) of this Rule shall take effect.

If a dead-heat be declared for the first or any other place in a race, the time for claiming or selling the horses running the dead-heat is thereby postponed until the dead-heat is run off, as the Stewards appoint. In case of a division, each of the horses dividing is a winner for the purposes of these Rules relating to claiming and selling, and any surplus in the case of a selling race shall be divided between those horses and the Race Fund.

Sale with Engagements.

79. When a horse is sold with his engagements or any part of them, the seller cannot strike the horse out of any of such engagements, and he remains liable for the amount of the forfeits in each of the engagements; but he may, if compelled to pay them by the purchaser's default, place the forfeit in the Forfeit List as due from the purchaser to himself.

In all cases of sale by private treaty the written acknowledgment of both parties that the horse was sold with the engagement is necessary to entitle the seller or buyer to the benefit of this rule, and if certain engagements be specified, it is to be

understood that those only are sold with the horse; but when the horse is sold by public auction the advertised conditions of the sale are sufficient evidence, and if certain engagements only be specified, it is to be understood those only are sold with the horse. When a horse is sold by auction or claimed under the preceding Rules after a race in which he is liable to be sold or claimed, he shall be considered to be sold with his engagements, and the seller shall not be entitled to recover from the buyer any sum which he has paid on account of entrance money for future engagements, but the seller may claim to have notice of such engagements given at the time of sale.

When a person is entitled by purchase or otherwise to start for any engagement a horse which was entered by another person, and he is prevented by these Rules from starting the horse without paying forfeits or fees to which he would not otherwise be liable, he may, if he pay such forfeit and fees, start the horse and place the forfeits and fees in the Forfeit List, with the names of the horses in respect of which they are due, as due to himself.

PART IX.

CLASSIFYING, AGEING AND MEASURING OF HORSES.

80. (i) Horses may be classed, aged and measured under the Rules in Appendix B., which shall be read with, and considered part of, the Rules of Racing.

(ii) When the class, age or height of a horse has been determined under these Rules, or has been determined by the Stewards of the Western India Turf Club and certified by the Secretary of that Club to the Secretary of the Calcutta Turf Club, the particulars of the determination, together with a full description of the horse and all distinguishing marks, shall be published in the Racing Calendar, and the publication shall, subject to clause (iv)

of this Rule, and so long as the determination is in force, be conclusive proof of the class, age or height of the horse named and described therein.

(iii) The measurement of a horse of the age of two years shall hold good for a period of three months from the date on which the measurement was made.

The measurement of a horse between the ages of three and five years, both inclusive, shall hold good till the 30th of April next following the date on which the measurement was made.

The measurement of a horse of the age of six years and upwards shall hold good for life.

(iv) The Stewards of the Turf Club may for sufficient cause at any time order that a horse whose class or age has been determined and published in accordance with clause (ii) of this Rule shall be again classed or aged as the case may be.

If the owner or the person having charge of the horse fails to comply with the order within a specified time, the Stewards may by notice in the Racing Calendar cancel the determination which is in force, and it shall then cease to have effect.

If the order is complied with, the determination in force shall, if the Stewards so direct, be cancelled and the new one published in the manner specified in clause (ii).

(v) A horse, the determination of whose class, age or height has been secured by fraud or wilful misrepresentation, may be permanently disqualified from running in any race, and the person or persons concerned in the fraud or misrepresentation may be dealt with under Rules 81 and 82.

(vi) The Stewards of a meeting may determine the class, age or height of any horse entered to run at such meeting, if, before the meeting commences, the class, age or height has not been

determined under the Rules in Appendix B., or has not been determined by the Stewards of the Western India Turf Club and published in the Racing Calendar.

They may also, if the conditions of the meeting so provide, accept the determination of the Stewards of any other meeting.

The determination of the Stewards of a meeting shall only hold good for the meeting in connection with which it was made.

(vii) Nothing in these Rules or in the Rules in Appendix B. shall affect the determination of the class, age or height of a horse by the Stewards of the Turf Club before the 1st of August 1888, or shall affect the finality of the measurement of a horse of the age of five years made before the 11th of June 1889.

And, notwithstanding anything in the said Rules, the measurement of a horse under six years of age of the English, Country-bred or Arab class made on or subsequent to the 1st of January and before the 30th of April 1892 shall hold good to the 31st of December 1892, and the measurement of a horse under six years of age of the Australasian class made before the 31st of July 1892 shall hold good till that date.

Any such horse may, however, if his owner so desire, be measured at any time on or after the 1st of May 1892, and the measurement then made shall supersede the measurement in force, and be subject to clause (iii) of this Rule.

PART X.

CORRUPT PRACTICES AND DISQUALIFICATIONS.

81. (i) If any person corruptly give or offer any money, share in bet or other benefit to any person having official duties in relation to a race or to any jockey; or

(ii) if any person having official duties in relation to a race, or any jockey, corruptly accept or

offer to accept any money, share in a bet or other benefits ; or

(iii) wilfully enter or cause to be entered, or to start for any race a horse which he knows to be disqualified ; or

(iv) if any person be guilty of any other corrupt or fraudulent practices on the Turf in this or any other country ;

Every person so offending shall be warned off the Calcutta Course and other places where these Rules are in force.

82. When a person is warned off the Calcutta Course, and so long as his exclusion continues, he shall not be qualified, whether acting as an agent or otherwise, to subscribe for or to enter or run any horse for any race either in his own name or in that of any other person, and any horse of which he is wholly or partly the owner, or which, after the fact of his being warned off, has been published in the Racing Calendar, shall be proved to the satisfaction of the Stewards of a meeting to be under his care, training, management, or superintendence, shall be disqualified.

If a person be so excluded for any fraudulent practice in relation to a particular horse, wholly or partly belonging to him, such horse shall, at the discretion of the Stewards of the Turf Club, be perpetually disqualified for all races, and the owner or owners of such horses shall, if so ordered by the said Stewards, return all money or prizes which such horse has won in any race at any meeting.

83. If any person be declared a defaulter for lotteries or bets, he shall be disqualified as in the last Rule mentioned until his default is cleared.

84. No horse which is disqualified for the fraudulent conduct of his owner from running in a race in any place or country to which these Rules do not extend, by the established Turf authority of such place or country, shall run in any race to which these Rules apply, so long as such disqualification continues.

85. The Stewards of the Turf Club are empowered to take notice of the corrupt or fraudulent conduct of any person running or concerned, whether as owner, trainer, jockey or otherwise, with the running of horses, whether the same shall or shall not have been officially reported to them.

PART XI.

TRAINERS AND JOCKEYS.

86. (i) No trainer shall train on the Calcutta Course without the permission in writing of the Stewards of the Turf Club. Such permission may be revoked at any time.

No jockey shall ride in any race under these Rules until he shall have obtained a license from the Stewards of the Turf Club, but no rider will be required to take out a license until the last day of the month in which he shall have ridden a winner for the first time.

Every application for a license shall be made to the Secretary of the Turf Club, and shall state the full name and address of the jockey applying, and such license will only be granted on condition that a jockey is not an owner of any race horse or pony. Under exceptional circumstances leave may be granted to jockeys, who are also trainers, to own one or more horses, provided that such horse or horses are trained in their own stables. A list of the licensed jockeys shall be published annually in the Racing Calendar.

(ii) In the absence of a special agreement to ride for a lower sum, the fee to a winning jockey shall be Rs. 100 and to a losing jockey Rs. 50 in a flat race, and to a winning jockey Rs. 200 and to a losing jockey Rs. 100 in a steeplechase or hurdle race.

(iii) The Stewards of a meeting may by rule direct that the losing fee of a jockey shall be paid

to the Secretary at the time when the horse which he is to ride is declared to start.

(iv) Any person who fails to pay the fee of a jockey whom he has engaged may, on the complaint of such jockey, be called upon to pay either by the Stewards of a meeting at which such fees became due, or by the Stewards of the Turf Club.

In the event of default, Rule 49 shall apply.

(v) In the absence of special agreement, a jockey's retainer cannot be terminated otherwise than by a three months' notice in writing on either side.

Employers retaining the same jockeys have precedence according to the priority of their retainers.

If a jockey be prevented from riding by suspension, any person who has retained him may cancel the retainer, and the Stewards of the Turf Club have power to release any jockey from his retainer for any cause appearing to them sufficient.

(vi) The Stewards of the Turf Club may suspend from riding any jockey who is proved to their satisfaction to have broken the conditions on which he is retained, and they may cancel for any misconduct the license of any jockey. Betting on the part of a jockey shall be deemed misconduct under this rule.

(vii) Any owner or trainer, or both, who shall knowingly employ an unlicensed jockey, shall be liable to be fined such sum as the Stewards of the Turf Club may determine.

(viii) No owner or trainer shall engage any lad or other stable servant who has been employed in a racing stable or has broken an agreement under which he served, without a reference to the person in charge of such stables and receiving a satisfactory reply in writing. An owner or trainer infringing this Rule and continuing to employ such lad after notice has been served upon him shall not be allowed to run or train horses where these Rules are in force.

Registration of Colours.

87. The owner of any race horse may register his racing colours at the office of the Turf Club on payment of a fee of Rs. 10. The registration shall remain in force for a period of two years calculated from the 1st of May next following the date on which the registration was made, and during that period no other owner shall be entitled to use similar colours.

If two or more persons apply to register the same colours, the Stewards of the Turf Club shall decide between them, and such Stewards shall decide all disputes as to the right to particular colours. If any owner adopts the registered colours of another owner at any meeting at which the latter has horses running, he shall be liable to a penalty not exceeding Rs. 50 for each race in which such colours are made use of.

If two persons, who have not registered colours, declare the same colours for any one race, the Stewards may direct either of them to adopt different colours, and if he fails to do so he shall be liable to be fined in a sum not exceeding Rs. 50.

Miscellaneous Rules.

88. A fund shall be opened under the name of the "Benevolent Fund" for the relief of trainers or jockeys who, from accident, sickness, or any other good cause, are incapacitated from carrying on their profession.

This fund shall be under the charge of the Stewards of the Turf Club, and all fines imposed under these Rules shall, when realized, be remitted to such Stewards and credited to such fund.

89. When the last day for doing anything in relation to a race falls on a Sunday, it may be done on the following Monday, unless the race to which

such act relates is appointed for that day, in which case it must be done on the previous Saturday.

90. No new rule of racing shall be made, and no existing rule shall be rescinded or altered, unless the proposed rule or alteration has been published in the Racing Calendar and notice given of the meeting at which it is to be proposed. And no new rule, or repeal or alteration of a rule, shall take effect until it has been confirmed at the meeting ensuing that at which it was passed, and until it has been published in the Racing Calendar.

91. If any question arises, which is not provided for by these rules, the rules, practice and decisions of the Jockey Club shall be followed, and the decision of the Stewards of the Turf Club shall be final thereon.

APPENDIX A.

SCALE OF WEIGHTS IN WEIGHT FOR AGE AND WEIGHT FOR AGE AND CLASS RACES IN EACH MONTH OF THE YEAR.

REFERRED TO IN RULE 21.

The scale must be read in connection with the following instructions :—

(i) As 6st. is the lowest weight which a horse can carry, lower weights are only inserted to show the relative weights of the different classes.

(ii) Weight for age for English and Australasian horses is the scale reduced 4lbs.; for Country-bred and Arab horses the scale raised 24lbs. and 38lbs., respectively.

(iii) When English and Australasian horses run together without any other class in a weight for class race, the weight in the scale is reduced 4lbs.; and when Country-bred and Arab horses run together without any other class, it is raised 28lbs.

(iv) When horses of only one class run in a weight for age and class race, the weight to be carried is weight for age, unless otherwise specified.

(v) Welter weight is obtained by adding 2st. to the scale of weights read in connection with these instructions.

(vi) A two-year-old, if an English, Country-bred or Arab, must carry the weight of a three-year-old in January; if an Australasian, the weight of a three-year-old in August.

(vii) A three-year-old English, Country-bred, or Arab horse, running in a race exceeding 2½ miles, must carry the weight of a four-year-old in January, and a three-year-old Australasian horse must carry the weight of a four-year-old in August.

APPENDIX B.

RULES FOR CLASSIFYING, AGEING AND MEASURING HORSES.

1. Horses may be classed, aged or measured by the Stewards of the Turf Club and by the persons duly authorized for that purpose by such Stewards.

2. The Stewards of the Turf Club may authorize any person to class, age and measure horses under this rule. The authority may be limited to a particular time or place, or it may be general, but it shall, in every instance, cease at the end of the racing season. The name of every person authorized and the extent of his authority shall be published as soon as possible in the Racing Calendar. The authority conferred under this rule may be withdrawn at any time.

3. Horses shall be classed, aged and measured at such times and places only as the Stewards of the Turf Club shall determine. Notice of the time and place shall be given in the Racing Calendar, or in a daily newspaper published in the province in which the place is situated. As regards Calcutta not less than three days, and as regards other places, not less than seven days' notice shall be given.

4. Any two of the persons empowered under Rules 1 and 2 shall form a quorum for the purpose stated, and if more than two act, the decision shall be that of the majority.

5. If, after the publication of the notice referred to in Rule 3, the necessary quorum cannot be obtained owing to the inability of any person to attend or act, the Stewards of the Turf Club may appoint a substitute for such person.

6. No person shall take any part in classing, ageing or measuring his own horse, or a horse in which he has an interest.

7. The person presenting a horse to be classed, aged or measured shall fill up and sign a form containing such particulars as the Stewards of the Turf Club shall from time to time direct, and shall state in such form whether the horse has previously been classed, aged, or measured under these rules, or the rules heretofore in force, or under the rules of the Western India Turf Club. If so, he shall produce the certificate relating thereto, or the Racing Calendar containing the entry.

8. A horse which is classed shall also be aged, a horse which is aged shall also be classed, and a horse which is measured for the first time shall be both classed and aged.

9. If a horse has not been already named in accordance with the rules of racing, a name must be given to him before he is either classed, aged or measured.

10. When the class, age or height of a horse is determined under Rule 4, the name, color and distinguishing marks of such horse, and the class, age and height (if any) determined, shall be entered in a register kept for the purpose; and the entry as regards such horse shall be signed by all the persons who have taken part in the determination. If the entry is made in a register, which is not kept by the Secretary of the Turf Club, the sheet containing it shall be forwarded to the said Secretary without delay, and shall be filed in the office of the Turf Club.

11. Any person who is dissatisfied with the determination arrived at may, by a written application presented within three days, apply for another determination. A note of the application shall be made in the register referred to in Rule 10, and if the horse is presented at a time and place of which due notice shall be given, he shall be again classed, aged or measured, as the case may be. The particulars of the second determination shall be entered in the register above

mentioned, and the determination shall be final. If the horse is not presented at the time and place fixed, the original determination shall hold good, unless the Stewards of the Turf Club direct otherwise.

12. A horse, whose class, age or height has been determined under these rules or under the rules heretofore in force, or has been determined by the Stewards of the Western India Turf Club and published in the Racing Calendar, shall not be again classed, aged or measured, so long as the determination is in force, except under an order made by the Stewards of the Turf Club under clause (iv), Rule 80, of the Rules of Racing.

13. A horse shall not be measured, if he appears to have been subjected to any improper treatment with a view to reduce his height, or if he is in an unfit state to be measured, and he shall not be classed, aged or measured if he is unnamed or if all the particulars required under Rule 7 are not furnished.

If a horse is rejected on the ground that he has been subjected to improper treatment, the persons before whom he is brought may order that he shall not be again presented within a period of six months.

14. For every horse presented to be classed, aged or measured, there shall be paid in advance a fee of Rs. 20. If the horse was presented in Calcutta, this fee shall be credited to the Turf Club; if he was presented elsewhere, such portion of it shall be credited to the Turf Club as the Stewards shall from time to time direct.

15. Any person may, on payment of a fee of Rs. 2, obtain from the Secretary of the Turf Club a certified extract of an entry in the register referred to in Rule 10.

16. A person who knowingly makes a false statement in respect of any of the particulars

required by Rule 7, shall be liable to be dealt with under Rules 81 and 82 of the Rules of Racing.

17. The following rules shall be observed in measuring horses :—

(i) The horse shall stand stripped on a perfectly level platform, and the measurement shall be made at the highest point of the withers with a measuring rod of a pattern approved by the Stewards of the Turf Club.

(ii) He shall be held by a person deputed by the person conducting the measurement, and he shall not be touched by any one else without their permission.

(iii) The head shall be so held that a line from the pool to the withers would be parallel to the platform.

(iv) The forelegs from the point of the shoulder, and the hind legs from the back downwards, shall be as perpendicular to the platform and as parallel to each other as the conformation of the horse allows.

(v) The wither may be shaved, but the mane must not be pulled down or the skin of the neck or wither in any way interfered with.

(vi) No allowance shall be made for shoes.

(vii) No more than 15 minutes shall be allowed for the measurement.

18. The following instructions should be observed in ageing horses :—

(i) A Veterinary Surgeon shall, if possible, be consulted.

(ii) In ageing a horse of the English, Country-bred or Arab class before the 1st of January, of the Australasian class before the 1st of August, or a pony before the 1st of May, if the age is doubtful the younger age should be adopted, *e.g.*, if it is doubtful whether a horse or pony is four or five it should be aged as four.

So also in ageing a horse after the 1st of January or the 1st of August, as the case may be, or a pony after the 1st of May, if the age is doubtful, the older age should be adopted.

RULES RELATING TO LOTTERIES

MADE BY THE CALCUTTA TURF CLUB.

1. The Turf Club will take no notice of a lottery which is not held subject to these rules.

2. A lottery, in order to come under these rules, must be held at and in connection with a meeting to which the Rules of Racing apply, with the permission and under the control of the Stewards of the meeting.

3. Such Stewards shall determine, consistently with these rules, the terms on which the lottery shall be held with reference to the number and value of the tickets, the persons by whom the same may be taken, the time and mode of payment, the percentage payable to the Race Fund, and all other necessary matters.

4. In the absence of any condition to the contrary, only those persons who had taken a ticket in a lottery shall be allowed to bid for or purchase, or take a share of a horse in such lottery.

5. The owner of a horse, or his agent, has the right to claim and take from the drawer or purchaser of his horse as the case may be, a one-half or any less share of such horse in the lottery in which he is drawn or sold: Provided that the claim is made immediately after the horse is sold, and that the owner or agent holds or has an interest in five tickets in such lottery. A claim so made shall be noted in the lottery paper and the claimant shall be deemed as a purchaser to the extent of his claim, limited as above stated.

An owner or his agent has a right to claim five tickets in a lottery in which his horse has to be drawn, and five tickets shall be allotted if the claim is made in proper time.

6. When two or more horses, the property of the same person or persons, are declared to start in a race, or, if the starting declarations have not been

made, are engaged to run in the same race, such horses shall be drawn together and not separately.

This rule does not apply to horses, the property of different persons, but in the same stable, unless the Stewards direct that it shall apply.

7. Any person taking a ticket in a lottery shall be entitled on a bid being made to know the name of the person who made the bid; and if the bidder be the person conducting the lottery, he shall declare the name of the person for whom the bid is made. This rule shall not be understood to authorize the person conducting a lottery to bid if he is prevented from doing so, either by the rules of the meeting or by the order of the Stewards.

8. Within five minutes after the last horse has been sold in a lottery, the lottery paper shall be closed, and no subsequent transfer or assignment of a share or interest in a horse which has been sold or drawn in such lottery shall be entered therein, or shall be recognised in making up the lottery account.

The persons whose names are recorded in such paper, either as holders of tickets or as purchasers of horses, shall be responsible for the liabilities incurred according to such record, and they only or their authorized agents shall be entitled to receive any sums due according to the lottery account.

9. No person, who is a declared defaulter for bets or lotteries, or who has been warned off the Calcutta Course for fraudulent conduct in connection with horse-racing under a sentence which is still in force, shall be admitted to a lottery-room, and no person, whose name is in the Unpaid Forfeit List, shall be allowed to take a ticket in any lottery.

10. No trainer or jockey shall be allowed to take a ticket in a lottery, unless he holds a written authority to represent an owner, whose horse is to be drawn in such lottery, or unless he is himself

the owner of such horse. In either of these cases he may take tickets sufficient to qualify for a claim under Rule 5, and he may make such claim, or he may bid for or purchase such horse only.

It he represents an owner, the latter shall be responsible for the tickets taken and purchases made on his behalf.

11. When a race is postponed under Rule 13 of the Rules of Racing, or has to be run over again under Rule 58 of the same rules, all lotteries on it shall stand.

12. Lottery account shall be settled whenever required by the Stewards; any person failing then to settle is liable to be reported to the Stewards of the Turf Club as a defaulter.

13. If no objection is lodged within the time specified in clause (vi) of Rule 65 of the Rules of Racing, lotteries go to the horse placed first by the Judge, and the settling, except in cases of fraud, shall not be disturbed. If an objection is made within the said time, lotteries go with stakes.

14. If a stake is withheld under Rule 70 of the Rules of Racing, pending the decision of an objection against the horse which came in first, or pending the determination of an appeal from such decision, the lottery money shall also be withheld until the objection or appeal is disposed of.

15. When the lottery money is withheld under the last rule, the settling shall proceed as regards losers in the same way as if no objection had been made, and all money due in connection with the lottery shall be paid to and held by some person authorized to receive the same for the person who may be found entitled.

RULES OF BETTING

ADOPTED BY THE CALCUTTA TURF CLUB.

1. The Stewards of the Turf Club have authority to settle all questions relating to bets.

2. In all bets there must be a possibility to win when the bet is made. You cannot win when you cannot lose.

3. All bets on races run under the Rules of Racing made by the Calcutta Turf Club are P. P.—play or pay—with the following exceptions :—

(i) When the entry of the horse has become void on account of the death of the person by whom he was entered.

(ii) When a race is postponed for a time longer than that authorized in Rule 13 of the Rules of Racing, or when the conditions of a race are altered after the bets are made.

(iii) Bets on matches.

4. If no objection is lodged within the time specified in clause (vi) of Rule 65 of the Rules of Racing, bets go to the horse placed first by the Judge, and the settling, except in cases of fraud, shall not be disturbed. If an objection is made within the said time, bets go with stakes.

5. Bets made on one horse against another, or that one horse beats another, are determined if either of them should win; unless agreed by the parties, it is not indispensable that both horses should start. Bets made between horses 1, 2, 3, are determined by the places assigned by the Judge; it is not necessary to say the best of 1, 2, 3.

6. If odds are laid in running or immediately after the horses pass the post, and a dead-heat is the result; and in "double events," if either is decided in the backer's favour and the other results in a dead-heat, the money betted must be put together and equally divided. As according to racing custom, matches which result in a dead-heat are void, bets are void also.

7. If a bet is made on one of the horses that runs the dead-heat against a beaten horse, and the owners agree to divide, he who backed the horse

that ran the dead-heat wins half his bet. If odds are laid on one horse against another 1, 2, 3, and they run a dead-heat for either place, the money betted must be put together and equally divided.

8. The person who lays the odds has the right to choose a horse, or the field; when a person has chosen a horse, the field is what starts against him. If odds are laid without mentioning the horse before the race is over, the bet must be determined by the state of the odds at the time of making it.

9. Bets made after a race that the winner will be disqualified stand even if no objection be made.

10. Any bet made from signal or indication when the race has been determined shall be considered fraudulent and void.

11. All bets on matches and private sweepstakes depending between any two horses shall be void, if those horses subsequently become the property of the same person or of his avowed confederate.

12. Double event bets are determined when the first is lost.

13. Bets made on horses winning any number of races within the year shall be understood to mean between the 1st May and the 30th of April ensuing.

14. Money given to have a bet laid shall not be returned, though the race be not run.

15. Bets once made cannot be declared off except by mutual consent, but on any allegation of fraud or corrupt practice, the Stewards of the Turf Club will investigate the case, and may declare the bet void. Either of the bettors may demand stakes to be made on proving to the satisfaction of the Stewards of the Turf Club that he has just cause for doing so. If ordered, the bets must be covered or sufficient security offered, and

a person refusing to cover shall be liable to be dealt with as if he were a defaulter.

16. If any extraordinary occasion should arise, or in cases of notorious and palpable fraud, any of the beforementioned rules may be suspended by the Stewards of the Turf Club.

17. A bet becomes due when the event on which it depends is decided.

RULES AS TO DEFAULTERS
FOR LOTTERIES AND BETS
MADE BY THE CALCUTTA TURF CLUB.

1. A person may be reported to the Stewards of the Turf Club as a defaulter for lotteries or bets by the Stewards of the meeting at which the default occurred, or by a person who has been short paid on account of the default, or to whom the money for the bet is due.

2. In reporting a default, the full name, title, profession, and address of the defaulter must be given. The report must be accompanied, in the case of a lottery, by a full statement of the account of the defaulter, and, in the case of a bet, by full particulars of such bet and of the time and place when it was made, and in either case by any documents bearing on the case.

3. The Stewards of the Turf Club may, on receipt of such report, call upon the defaulter to make good his default by remitting to the Secretary of the Club, within a specified time, the amount due, and on his failing to do so, or to submit a satisfactory explanation of the cause of this failure or omission, may declare him to be a defaulter.

4. A list of declared defaulters shall be kept by the Secretary of the Turf Club, and a copy of this list will be forwarded to the Secretaries of Race Meetings at such times as the Stewards of the Turf Club may direct.

WESTERN INDIA TURF CLUB RULES.

The following are the Racing Rules, Betting Rules and Lottery Rules of the Western India Turf Club :—

PART I.

DEFINITIONS.

RACE.

1. All events of the value of Rs. 50 and upwards to the winner shall be considered races. "Race" includes a race on the flat, a steeplechase and hurdle race. But unless otherwise expressly provided for in the terms of the race, no horse shall carry extra weight in a flat race in consequence of having won a steeplechase or hurdle race, and no horse shall carry extra weight in a steeplechase in consequence of having won a flat race or hurdle race, and no horse shall carry extra weight in a hurdle race in consequence of having won a flat race or steeplechase. *Bonâ-fide* point-to-point contests do not come under the heading of a race. A *bonâ-fide* point-to-point contest is one where the course is not flagged, except at the turning and winning points, and where it is optional for each rider to select his own line between those points, provided he goes round the flag at the turning point in the direction ordered.

2. "Horse" includes a mare or gelding, and also, unless inconsistent with the context, a galloway or pony.

3. "A Galloway" is a horse measuring 14 hands and under. The term "Galloway," unless inconsistent with the context, includes a pony.

4. "A pony" is a horse measuring 13-2 and under.

5. A "private sweepstakes" under these rules is a race in which stakes are made, or a fixed sum subscribed for by the owners of three or more horses engaged, to which no money or other prize is added, and which has not been advertised previous to closing.

A regimental race confined to horses, the property of the officers of a particular regiment, shall be considered a private sweepstakes, although all the above conditions are not complied with.

6. "A handicap" is a race in which the weights which the horses are to carry are to be adjusted after the time limited for entering or naming, according to the handicappers' judgment of the merits of the horses, for the purpose of equalizing their chances of winning.

7. "A Race at Catch-weights" means a race in which the riders need not weigh before or after the race, but a minimum weight may be specified in the terms of the race, in which case a rider may be ordered to weigh in after the race.

8. "A Cup" under these rules means a race for a piece of plate or any prize not given in specie, and its value shall be considered to be as stated in the prospectus.

9. "The value of a race" is the actual amount received clear by the owner of the winner after deducting his own entry and starting sweep and

any sums paid under the terms of the race to the owners of other horses running in it, and shall include any prize given by the fund or by a private donor, whether in specie or not, and also any sums received from the owners of other horses entered for the race, in the form of entries, starting sweeps, &c.

10. "Maiden." A maiden is a horse, galloway, or pony which, at the time of declaration to start, has not won, walked over, or received forfeit for a race of the value of Rs. 200 or upwards in any country. Value to be computed under Rules 9, 11, 12. A horse or pony does not lose his maiden by winning a match or private sweepstakes, and he is a maiden in respect to a flat race until he has won a flat race of the value of Rs. 200 and upwards; in respect to a steeplechase, until he has won a steeplechase of the value of Rs. 200 and upwards; and in respect to a hurdle race, until he has won a hurdle race of the value of Rs. 200 and upwards.

11. "H. S. Rupees." The value shall be estimated at the rate of 100 Halli Sicca Rupees to 85 Government Rupees. Example: A horse winning a race of the value of 1,000 H. S. Rupees does not carry the penalty for winning a race of the value of Rs. 1,000 Government Rupees, similarly for any other given sum, and consequently a horse winning a race of the value of 200 H. S. Rupees does not lose his maiden.

12. Where a prize is stated in sterling, one pound shall be considered as worth Rs. 10, and prizes in other currencies shall be estimated at the par value of the rupee.

13. The term "winner" in reference to those liable to carry extra weight, or those to be excluded from any race, shall, unless otherwise expressly provided for in the terms of the race, subject to the provisions of the succeeding rule, apply only to winners of races where the race was of the

value of Rs 200 or upwards, and shall not apply to a horse, galloway or pony that has won a challenge cup of less value then the above amount, unless and until such cup has been *finally* won by the horses, galloway, or pony in question.

14. Matches and private sweepstakes are not races, and therefore no sum received for winning a match or private sweepstakes shall be taken into account in computing a horse's winnings or penalties.

15. Both winners and losers of matches can start for a race (unless otherwise disqualified) when the terms require "horses that have never started," provided the terms of the race do not specify to the contrary.

16. A horse, galloway or pony walking over for any race, where the race was of the value of Rs. 200 or more—calculated under Rules 9,11, 12—is a winner. In the case of an agreement to divide the stakes between the owners of two or more horses or ponies (one walking over), each horse or pony is a winner of the whole amount walked over for, notwithstanding anything in Rule 9.

17. The racing season commences on the 1st May and ends on the 30th April.

Classification of Horses and Definition of a Country-bred.

18. Horses are divided into four classes—English, Australasian, Country-bred and Arab.

European and North American horses shall be classed with English; Cape and South American horses with Australasian; Barb and Persian horses with Arab; other Asiatic horses with country bred.

19. A C.-B. horse is one got, foaled and reared in India, Burma, or Ceylon, the country and breeding of the sire and dam being quite immaterial as

regards this definition; but the foal must be kept within those limits up to the time of its starting for its first race.

PART II.

Application of W. I. T. C. Rules.

20. These rules apply to all meetings sanctioned by the Stewards, W. I. T. C., and advertised to be run under W. I. T. C. Rules in the official part of the W. I. T. C. Racing Calendar to be published as soon as practicable or in some other authorised way.

21. "The Racing Calendar" comprising the "Sheet Calendar" published fortnightly, and the "Book Calendar" annually, are the works published under those names, respectively, by authority of the W. I. T. Club.

22. The Stewards may at their discretion prohibit the advertisements of any meeting in the W. I. T. C. Racing Calendar, and no meeting shall be sanctioned under Rule 20 unless the value of every race at such meeting shall amount to Rs. 50, calculated under Rules 9, 11, 12.

23. Every horse running in a race of the value of Rs. 50 or upwards, calculated under Rules 9, 11, 12 at a meeting in any part of India, which is not advertised in the manner and with the sanction mentioned in Rules 20, 22 or under sanction of the Calcutta Turf Club, is disqualified for all races to which these rules apply. The Stewards may at any time for any good and sufficient reason remove such disqualification.

These rules shall come into operation on the 1st May 1893 (subject to sanction of the Half-yearly General Meeting in February 1893), and all former W. I. T C. Rules of Racing shall be annulled as from that day without prejudice to then existing rights or liabilities.

PART III.

MANAGEMENT OF MEETINGS AND POWERS AND DUTIES OF STEWARDS.

24. The prospectus of all Meetings which it is proposed to hold under W. I. T. C. Rules must be framed, in so far as regards general conditions, strictly in accordance with these rules, and no local rules will be allowed. General conditions as to local management may be inserted. But if it is desired to introduce any terms which are at variance with W. I. T. C. Rules, they must be definitely stated in the terms of the race itself, and not in any general condition. Every prospectus must first be submitted to the Honorary Secretary, W. I. T. C., for the sanction of the Stewards. These rules shall not prevent the Stewards of a Meeting framing a new race or races in substitution of, or in addition to, published ones, subsequent to the submission of the prospectus, provided that the terms thereof are not inconsistent with these rules.

25. The prospectus shall state the days on which the Meeting is to take place, the dates for entering, the names of the Secretary, and of three or more persons as Stewards, the fees of all descriptions which are payable at the Meeting, and the general conditions, if any, under which it is to be conducted.

26. The Stewards in case of urgent necessity may, from time to time, put off any races from one day to any other day in the same or in the ensuing week, and in the event of both or either of the above-mentioned postponements taking place, all bets and lotteries must stand.

27. The Stewards shall fix the order in which the races are to be run, the day before they take place, as also the time for starting each race. As far as possible, the desires of any owner having a horse running in two or more races in so far as regards the order in which the races are to be

run, shall be considered, and the Stewards shall, if possible, on notice being given before the lotteries, or if no lotteries are held by 5 P. M. the day before the race, re-arrange the order of running, so that a horse shall not have to run in two consecutive races.

28. The Stewards shall also fix the time for any match or private sweepstakes to be run off with any special conditions that they may think necessary, to prevent the match or private sweepstakes causing delay or interfering with the regular races.

PART IV.

POWERS OF STEWARDS GENERALLY.

Powers and Duties of Stewards of Meetings.

29. The Stewards of a Meeting shall have full power to make all such arrangements for the conduct of the Meeting as they think fit; and to regulate and control the conduct of all officials and of all jockeys, grooms, and persons attendant on horses; and to determine all questions or disputes arising between any persons at or in relation to anything done or omitted to be done in reference to racing.

They shall further have power to exclude at their discretion any person from all or any places under their control.

To Enquire into Corrupt and Fraudulent Practices.

32. If the owner, part-owner, or person having the charge of a horse running at the Meeting is accused of corrupt or fraudulent practices in connection with such horse, the Stewards shall enquire into the truth of the accusation, and, if in their opinion it is established, they may exclude such owner or other person from all places under their control as in the last rule provided; they may also disqualify for the rest of the Meeting any horses in which he is interested, either as owner, part-owner, or confederate, or they may inflict any lesser penalty as they think fit.

The Stewards shall record the statements of all persons whom they examine in the course of the enquiry, and they shall submit the proceedings with their written decision to the Stewards of the W. I. Turf Club, who have power to extend the punishment to the extent they deem necessary.

33. The Stewards shall have power at any time, and either upon or without objection made, to order an examination, by a qualified Veterinary Surgeon, of the mouth of any horse entered for a race or which has run in a race.

TO DEMAND PROOF OF OWNERSHIP OF A HORSE.

34. The Stewards shall also have power to call on any person in whose name a horse is entered to produce proof that the horse entered is not the property, either wholly or in part, of any person whose name is in the Unpaid Forfeit List, or otherwise disqualified, or to produce proof of the extent of his interest or property in the horse, and in default of such proof being given to their satisfaction they may declare the horse disqualified.

POWER OF STEWARDS AFTER CONCLUSION OF MEETING.

36. The powers of the Stewards or their Deputies continue after the Meeting for all purposes relating to deputies, objections, penalties, and disqualifications connected with that Meeting.

APPEAL FROM A DECISION OF STEWARDS.

37. An appeal shall lie to the Stewards of the W. I. Turf Club from every decision or order of the Stewards of a Meeting made under Rule 32, or imposing a penalty, pecuniary or otherwise, on any person. The decision of the Stewards, subject to such appeal, and the decision of the Stewards of the W. I. Turf Club in case of appeal shall be final, and shall not be questioned in any court, except by leave of the Stewards by whom it was made.

38. A race cannot be decided unless the Judge, or a deputy, or a substitute authorized by him or a Steward, occupy the Judge's box when the horses pass the winning post.

The Stewards shall arrange for the discharge of the duties of Judge, Starter, Clerk of the Scale, and of any other duties which have to be performed.

The Judge shall report in writing to the Stewards or to the Secretary the result of the race.

The determination of a Judge declaring a horse to have won or to be entitled to a place shall be final, unless an objection is made and allowed on the ground of disqualification, provided that this rule shall not prevent a Judge from correcting any mistake.

RETURN OF THE RACES TO BE SUBMITTED TO W. I. T. C.

39. The Stewards shall, at the close of a meeting, send to the Secretary of the W. I. Turf Club a return of all the races run, showing the name and terms of each race, the names of all the horses which ran and of their riders, the correct weight carried by each, the value of the stakes to the winner, as computed under Rules 9, 11, 12, the order in which the horses were placed by the Judge, the distance as nearly as possible between such horses, the time of the race, any other particulars which the Stewards of the W. Classifying, Ageing and Measuring.

Memo. about Ageing Horses.

57. When ageing horses of the Australasian class after the 1st August, if the age seems doubtful, or if the horse seems not to have quite attained another full year, age him the older of the two ages, *e.g.*, although you think a horse is not quite five, age him five, or else you will give him the weight of a horse a whole year younger than he in reality is, *i.e.*, of a horse just or not quite a four. So also in ageing the same horse before the 1st August, age him the younger of the ages.

Similarly, in ageing horses of the other three classes after and before January 1st, or galloways and ponies of any class after and before the 1st May, the same principle should be observed.

JANUARY.

PART VI.

WEIGHT, PENALTIES AND ALLOWANCES.

58. In the absence of any condition to the contrary, the scale of weights in Rule 40 shall apply to all "weight for age" and "weight for age and class" races: and in "weight for inch" races the allowance shall be 3lbs. for every quarter of an inch.

When the terms of a race are weight for inches, the weight for 14 hands will be 9st. 3lbs. irrespective of class; 3lbs. being added or deducted for every quarter of an inch above or below that height.

59. No horse shall carry less than 9st. 7lbs. in a steeplechase or less than 9st. in a hurdle race.

Matches, private sweepstakes, galloway and pony races are not affected by this rule.

60. No horse shall receive allowance of weight or be relieved from extra weight for having been beaten in one or more races; provided that this rule shall not prohibit maiden allowances.

61. Where winners of selling races are exempted from penalties, only such horses as have run to be sold shall be entitled to the allowance.

62. There shall be no allowances and no penalties in handicaps except penalties for winning a race after the publication of the weights. But this rule shall not prevent an allowance to gentlemen riders, or a penalty on professional riders if such allowance is expressly given or such penalty is expressly imposed.

63. Allowances and extra weight shall not be allowed nor incurred in respect of matches and private sweepstakes, and penalties are not cumulative unless so declared by the conditions of the race.

64. When there are no selling allowances, the following allowances shall be given in all "weight for age" and "weight for age and class" races. They shall also be given in all "weight for inch" races, unless expressly disallowed by the terms of the race:—

To mares and geldings, 3lbs.

65. The claiming of allowances is optional. The allowance for inches is not an allowance under this rule.

66. In all handicaps the top weight shall be at the discretion of the Stewards, and if the highest weight accepting is below the top weight in the handicaps, it may be raised to that weight or to any other lower weight decided on by the Stewards, and the weights of the other horses equally; provided that the top weight carried in the race be in no case under 9st.

67. When it is a condition of any race that horses shall carry extra weight for winning a certain number of prizes during the year or season, such winnings shall date from the 1st of May preceding, and shall extend to the time of starting, unless otherwise specified.

68. In the terms of a race, the expression "the season" shall be held to mean the current season, and the expression "one season," a season prior to 1st May preceding the meeting advertised.

69. The following rule shall apply to the conditions of every race unless there is in such conditions a provision to a contrary effect:—

(i) The winnings of a horse during any stated period shall include all prizes of the value of Rs. 50 and upwards won in any country in the course of such period, whether by walking over, receiving forfeit, or otherwise, except prizes for running second or in any lower place, or for winning a match or private sweepstakes.

Conditions relating to winnings shall mean winnings in a race of the same description (*i.e.* flat race, hurdle race, or steeplechase) as that in which the condition occurs.

(ii) The value of a prize won out of India shall be computed at the par value of the rupee; and the sicca rupee as stated in Rule 11.

(iii) Conditions which require that a horse shall be qualified in some particular way, shall

mean that he is so qualified at the time of entry as well as at the time of declaration to start.

70. In estimating the amount a horse has won in any race, account shall be taken of any cup or money, whether derived from stakes or any other source, gained by him for his owner, or for any other person, only his own stakes and entrance, and any money payable to other horses by the conditions of the race being deducted.

71. (i) No fee or forced subscription shall be levied or taken from any person by way of a winning fee.

(ii) When the entrance money or forfeits for a race go wholly or in part to the race fund, the fund shall contribute towards the prizes for such race, exclusive of any cup or money presented by a private donor, a sum (or the equivalent of a sum, if the prize does not consist wholly of specie) which is not less than the total amount of the entrance money and forfeits appropriated.

In races of less value than Rs. 200, where the entrance money exceeds Rs. 200, the excess money may, at the discretion of the Stewards, be awarded to the second or placed horses.

(iii) When the prize is a cup, its value shall be advertised.

72. Under no circumstances shall the value of a race to the winner be reduced to less than Rs. 50, and no race shall be run for, nor shall a horse walk over for any race which is of less value.

73. In calculating the winnings of a horse with reference to penalties or allowances, or his qualification to start in any race, no race of less value than Rs. 50 in any country shall be taken into account. And the calculation shall be made, as regards races under these rules, according to the value of the race as published in the Racing Calendar.

PART VII.

Entry and Subscription for Races.

74. A horse shall not be qualified to run for any race, unless he has been and continues duly entered for the same.

A horse is duly entered if the alterations referred to in Rule 86 are allowed and made in connection with his entry.

75. (i) A date and place for the entry of horses for every race must be fixed and advertised. The entries must be received at the advertised place on or before the advertised date.

(ii) The list of entries shall be closed at the advertised time, and no entry shall be permitted in any case or on any terms after that time.

(iii) If no hour is fixed for closing, the list shall not be closed till 10 P.M. on the advertised day.

76. Entry shall be made by writing, signed by the owner of the horse, or by some person deputed by him, or by telegraph. Entries by telegraph must, however, be confirmed in writing at the earliest possible opportunity.

It shall state the name of the owner and the description and name (if any) of the horse, and (if so required) the age of the horse at the time of entry.

Description includes colour, class and sex.

Entrance money must (if so required) be paid at the time of entry or the entry may be refused.

77. In entering a horse for the first time, he shall be fully described by stating, in addition to his colour, class, sex and age, the names of his sire and dam, if known. If the dam was covered by more than one horse the names of all must be stated. If the names of the sire and dam are not known and their pedigrees are, the latter must be given. When, however, a horse cannot be described by pedigree, he must be distinguished by a name.

78. The particulars as mentioned in the last rule must be repeated in every entry of the horse until he has run under a name in a race subject to these rules.

In any entry, after he has so run, it will be sufficient to enter him by name and description only without pedigree:

Provided that, if a horse be entered with a name for the first time in several races at the same

meeting closing on the same day, the pedigree need not be added in more than the first of such entries.

79. Whenever the name of a horse which has run at a meeting in India, under the rules hereby repealed, under these rules or under the rules of the Calcutta Turf Club, or which has run in any other country, is changed, his old name as well as his new name must be given in every entry until he has run under his new name, and the change has been published in the Racing Calendar.

80. A name may be claimed for a horse—

(*a*) By running him under a name in a race subject to these rules.

(*b*) By naming him when he is first classed, aged, or measured by the Stewards of the Turf Club, or by the Up-country Committee.

When a name has been claimed for a horse, any other horse for which the same name is afterwards claimed, must be distinguished by the numerals II or III, etc. If the same name is claimed for two or more horses at the same time, the order of priority shall be determined by lot by the Secretary of the Turf Club. Any person running a horse under a name in contravention of this rule shall be liable to a fine of Rs. 200.

81. When a name has been claimed for a horse, and his owner voluntarily changes the name, he must intimate his intention and send particulars sufficient to identify the horse, with a fee of Rs. 25, to the Secretary of the Turf Club. The new name will then be registered, and a certificate of the change will be granted. Any person changing the name of a horse in contravention of this rule shall be liable to a fine of Rs. 200.

82. No assumed name of an owner shall be used in any subscription or entry, unless such assumed name is duly registered as follows :—

(1) The person intending to use an assumed name must register it annually in the office of the

Turf Club. A registration continues effectual during the current racing year.

(ii) A person cannot have more than one assumed name at one time, nor can he use his real name in any subscription or entry so long as he has an assumed name registered.

(iii) An assumed name may be changed at any time by registering a new assumed name.

(iv) A person cannot register as his assumed name a name which has been already registered by any other person, or the real name of any other person who runs horses in races in such other person's real name.

(v) On every registration or change of an assumed name, there must be paid at the office of the Turf Club to the credit of the Club a fee of Rs. 10.

(vi) A name duly registered under C. T. C, is considered as registered under W. I. T. C.

83. A person who subscribes to a race for which horses have to be nominated at some future time, has the right of transferring the right of entry under any one or more of his subscriptions to any other person or persons.

84. Subscriptions, when no entry has been made under them, become void on the death of a subscriber.

85. Entries (except entries made under another person's subscriptions) become void on the death of the person who made the entry, unless some person shall undertake in writing to be responsible for them, and for the liabilities of all horses of the deceased person in connection with all races for which such horses are entered.

86. An entry to a race may before the time fixed for closing in respect to such entry be altered or withdrawn.

After the expiry of such time, no alteration and no addition other than the following shall be made:—

(*a*) If a horse has been duly described, a name or number may be added.

(*b*) If a horse has been entered with a wrong age or an incorrect or imperfect description, the Stewards, if satisfied that the error was accidental, may allow it to be corrected at any time before the race, on payment of such (if any) fine not exceeding Rs. 50, as they may think fit to impose.

(*c*) If the horse has been entered by the owner in an assumed name which is not registered, or in his real name when he had an assumed name registered, the Stewards, if satisfied that the owner was not disqualified when the entry was made, and that no fraud or evasion of any rule was intended, may, at any time before the race, allow the real name or the assumed name (as the case may be) to be supplied, on payment of a fine which shall not be less than Rs. 16 or more than Rs. 50.

This rule does not admit of any correction which amounts to the substitution of another animal for the one entered.

87. All horses entered must, if required, be shown to the Stewards within such reasonable time before the race as they may direct.

88. All partnerships, and the name of every person having any interest in a horse must be declared in writing to the Secretary of the meeting at or before the time when the horse which is a joint property, or in respect of which any person other than the person who entered him has an interest is declared to start for any race at the meeting. If no declaration is made, such horse is liable to be disqualified.

If any partnership is formed, or any interest accrues between the time stated and the time appointed for the start, it must be declared at the earliest possible moment. In default, the like liability shall be incurred.

89. If a race closes with less than three entrances or subscriptions in several interests, it is void, and the entrance money shall be returned.

PART VIII.

STAKES AND FORFEITS.

90. A person entering a horse for a race thereby becomes liable for the entrance money and stake or forfeit.

A person subscribing to a race for which horses have to be nominated at some future time is liable for the stake or forfeit; but if he transfers the right of entry to any other person, he is liable only in case of default by the transferee, and in that case he may recover it from the transferee.

A person taking an entry under another person's subscription, where forfeit must be declared by a particular time, if he do not declare forfeit by that time, shall be considered to have taken the engagement on himself, and the original subscriber shall cease to be liable.

91. Entrance money, stakes and forfeits must be paid in cash (if required) to the person authorized to receive the same. The Secretary of a meeting shall account to the owner of every winning horse, or his agent, and shall pay over all added money, stakes and entrance money which such owner is entitled to receive.

92. A jockey shall not be weighed out for any horse for a race, unless, if required by the Stewards there have been duly paid before weighing—

(i) Any entrance money, stake, or fee payable in respect of that race.

(ii) The jockey's fee in respect of the race.

(iii) All arrears due from any person for such horse, or due for the same or any other horse from any person by whom such horse is wholly or partly owned, or in whose name or under whose subscription he is entered.

In this rule arrears include any sum payable for fines, fees, jockeys' fees, entrance money, stake or forfeit in respect of any race run at the same or any other meeting in India, under these rules or under the rules of the Calcutta Turf Club, and

any sum in respect of which any person has been declared a defaulter: Provided that arrears in respect of a meeting at any other place than the place at which the race is run shall not be included, unless such arrears are entered in the last Unpaid Forfeit List published in the Racing Calendar, or, should there have been no time to make publication, declared in writing signed by the Secretary of the Turf Club, or the Secretary of the meeting at which the arrears accrued, to the Secretary before 10 in the evening preceding the race.

THE UNPAID FORFEIT LIST.

93. An Unpaid Forfeit List shall be kept at the office of the Turf Club, and shall be published in the Racing Calendar at such times as the Stewards of the Turf Club may direct. It shall include all due and unpaid entrances, stakes, fines, jockeys' fees, and forfeits which have been duly notified to the Stewards of the Turf Club, or which such Stewards find to be due, and shall state the real name or names and the assumed name or names (if any) of the persons from whom, and the horses (if any) in respect of which the sums are due.

All sums entered and published in this list must be paid directly into the office of the Turf Club.

Notification of all due and unpaid entrances, stakes, fines, jockeys' fees and forfeits must be made by the Secretary or Stewards of a meeting, or by some person to whom the same is due, to the Secretary of the Turf Club, without delay. If, in the opinion of the Stewards of the Turf Club, undue delay occurs, they reserve to themselves the right to deal with such notification as they think fit.

Arrears due at a meeting held under the rules of the W. I. Turf Club, and which it is desired to enter in the Unpaid Forfeit List, must be certified by the Secretary of the Club.

So long as the name of a person is in the Unpaid Forfeit List, he cannot subscribe to any race or

sweepstake; and no horse can be entered by him or under his subscription for any race, whether acting as an agent or otherwise, and no horse which has been entered by him or in his name or under his subscription, or of which he is wholly or partly the owner, shall be qualified to run for any race; and so long as any horse is in the Unpaid Forfeit List, such horse shall not be entered or run for any race.

PART IX.

The Race.

94. (i) A horse shall not be qualified to run in a race unless a declaration of the intention to start him has been made. An omission to declare is equivalent to a declaration of forfeit. The declaration shall contain such particulars, and shall be made in such form and at such time as the Stewards of the meeting may direct.

If the name of the jockey has to be and is declared, and the jockey is changed without the consent of the Stewards, the person responsible for the declaration shall be liable to a fine which shall not exceed Rs. 500, and he shall be liable to a fine which shall not exceed Rs. 200 for any other error or omission in furnishing the particulars called for.

(ii) The owner is liable for the entire stake of a horse which he has declared to start: Provided that if, for any reason, the full advertised prize is not given, the owner may declare his intention of not starting his horse at any time before a recognised lottery is held on the race, or, if there is no such lottery, a quarter of an hour before the time fixed for the race. In such case the owner need not start his horse, and is not liable for more than he would have had to pay if no starting declaration had been made.

(iii) The Stewards may demand an explanation from the owner or person in charge of a horse which has been declared to start and does not start for any cause other than that above stated, and if no satisfactory explanation is given, may fine him in a

sum which shall not exceed Rs. 500, in addition to any penalty to which he may be subject under Rule 32, W. I. T. C.

WEIGHING OUT.

95. (i) Every jockey must be weighed for a specified horse by the Clerk of the Scales or by some authorized person at the appointed place.

(ii) If a jockey intend to carry over-weight, he must declare the amount thereof at the time of weighing out, or, if in doubt as to his proper weight, he may declare the weight he intends to carry and shall not be disqualified for any over-weight carried under this rule.

If extra or special weight be declared for any horse, such weight shall be exhibited with the number of the horse on the official card outside the weighing room.

(iii) It is optional for the jockey to weigh out or in with his bridle, or any part of it, and the Clerk of the Scales or other authorized person shall, if requested, allow 1lb, for a curb or double bridle, but if a horse run in a hood, muzzle, martingale, breast-plate, or clothing, it must be put into the scale and included in the jockey's weight.

(iv) No whip or substitute for a whip shall be allowed in the scales.

96. No person shall, without special leave from the Stewards in writing, be admited to the weighing-room except the owner, trainer, and jockey, or other person having the care of a horse engaged in the race.

97. The owner is responsible that his horse carries the proper weight according to the condition of the race.

STARTING.

98. (i) The horse must be started by the person authorised by the Stewards to start them. No horse, when once under the Starter's hand, shall go back, except in the case of an accident.

(ii) The Starter may give all such orders and take all such measures as are necessary for securing

a fair start, and in particular he may, if he thinks it necessary, order the horses to be drawn up in a line as far behind the starting post as he thinks necessary.

(iii) The horses must be started from a walk. If the Starter allows a start to take place in front of the starting post, the start is void, and the horses must be started again.

(iv) The horses shall (so far as is practicable) be drawn up before the start in an order (reckoned from the whip hand) to be determined in such way as the Stewards may direct.

(v) If any delay shall have taken place in the start, the Starter shall report by whom or by what cause the delay was occasioned.

(vi) The Starter may be given by the Stewards power to inflict a summary fine not exceeding Rs. 50 on any rider who disobeys his orders at the start, and such fine shall be paid before the rider weighs out for his next race.

RUNNING.

99. When any owner runs more than one horse in a race, each horse shall be run upon its merits, and no plea of declaration shall entitle an owner to prevent one of his horses winning in order that he may win with another.

100. (i) In a flat race a horse which crosses another is disqualfied, unless it be proved that he was two clear lengths ahead of the other horse when he crossed.

(iii) In a flat race, if a horse or his jockey jostle another horse or the jockey of another horse, the jockey which jostles the other is disqualified, unless it be proved that the jostle was wholly caused by the fault of some other jockey, or that the other horse or his jockey was partly in fault. Every horse belonging to the owner of the disqualified horse, or in which he shall have a share, running in the same race, may also be disqualified.

101. In a steeplechase or hurdle race the Stewards may disqualify any horse, and every horse belonging to the same owner, or in which he shall have a share, running in the same race, from being declared the winner, although he should come in first, if it can be clearly proved to their satisfaction that the jockey by any deliberate foul riding intended to knock down any horse, or in any determined way jeopardise his chance of success in the race. The Stewards may fine a jockey for this offence any sum not exceeding Rs. 250, and may suspend him after the last race that day until the expiration of the meeting. If they consider the case requires more severe punishment, they must at once submit it to the Stewards of the Turf Club, who may inflict such further penalty as they deem fit.

102. If, in a race of any description, a horse runs the wrong side of a post, he must turn back and run the course from the point at which he left it.

103 If a race of any description has been run by all the horses at wrong weight, or a wrong distance, or when the Judge is not in the box, or his authorized deputy or substitute or a Steward, the Stewards shall order it to be run again after the advertised time of the last race of the same day, if possible, otherwise on the next race-day.

104. In a flat race, other than a match, when only one horse appears, he must walk over except by consent of the Stewards. But on a division after a dead-heat, it shall not be necessary for a horse to walk over.

In a steeplechase or hurdle race, other than a match, a walk over is in no case necessary, either after a dead-heat or otherwise. It is sufficient if a horse be weighed for, mounted, and proceed to the starting post, when, if no competitor appear in due time, he shall be considered the winner of the race.

In the case of a match either on the flat, over hurdles or across country, a horse must walk over

except by the consent of the other persons engaged.

(*The following Rule is applicable to Steeplechases and Hurdle Races only.*)

105. (i) Any horse getting away from his jockey may be remounted and ridden for the remainder of the race, provided that no jumps shall be evaded. Any jockey so losing his horse may be assisted in catching him and remounting him without risk of disqualification; and in the event of a jockey being disabled, his horse may be ridden home by any person of sufficient weight, provided he is qualified according to the conditions of the race. No penalty shall be exacted for carrying overweight in this instance.

(ii) If any flag, post, or boundary mark be placed in the course—no matter by whose order—after the jockeys have been shown over the ground or had the line of country pointed out or explained to them, it shall not be considered binding or of any effect, unless such alteration or addition shall have been particularly named previous to starting to each of the jockeys about to ride in the race by one of the Stewards, the Clerk of the Course, or by their representative.

(iii) In the absence of any flag, post, or boundary mark, or being directed to go any particular course, the rider may take his horse from jump to jump.

(iv) If a horse refuse any jump, and it can be proved to the satisfaction of the Stewards that he has been led over a jump by any of the by-standers, or has been given a lead over one by any horseman not riding in the race, the horse shall be disqualified from winning, although he should come in first.

(v) Any rider evading any jump will disqualify his horse from winning, although he should come in first, and the rider will be dealt with as the Stewards may deem fit.

Weighing in.

106. (i) Every jockey must, immediately after pulling up, ride his horse to the place of weighing, dismount, and present himself to be weighed by the Clerk of the Scales, or other authorized person:

Provided that if a jockey be prevented from riding to the place of weighing by reason of accident or illness, by which he or his horse is disabled, he may walk or be carried to the scales.

(ii) If a horse carry in a flat race more than 2lbs., and in a hurdle race or steeplechase more than 4lbs., over his proper or declared weight, he is disqualified, unless the Stewards be satisfied that such excess of weight has been caused by wet.

(iii) If a jockey do not present himself to weigh in, or be short of weight, or be guilty of any fraudulent practice with respect to weight or weighing or dismount before reaching the scales or touch (except accidentally) any person or thing other than his own equipments before weighing in his horse, is disqualified unless he can satisfy the Stewards that he was justified by extraordinary circumstances.

(iv) The Clerk of the Scales or other authorized person shall always put 2lbs. extra in the case of a flat race, and 4lbs. extra in the case of a hurdle race or steeplechase, into the scale, to prove that the horse has not carried too much weight.

(v) He shall, in all cases, weigh in the riders of the horses placed by the Judge.

(vi) When weighing in a jockey is not allowed to reject his bridle or any part of it after having once taken it into the scales.

Dead-Heat.

107. (i) A dead-heat for the first place shall be run off after the last race on the same day except by special permission of the Stewards, unless the owners agree to divide. The other horses shall be

deemed to have been beaten, but they shall be entitled to their places (if any), as if the race had been finally determined the first time.

(ii) If a dead-heat be run by two or more horses for second or any lower place in a race, the owners shall divide, subject to the provisions of Part X, where the winner is objected to, and if they cannot agree as to which of them is to have a cup or other prize which cannot be divided, the question shall be determined by lot by the Stewards.

(iii) When owners divide, they shall divide equally all the monies or other prizes which any of them could take if the dead-heat were run off.

(iv) Horses running a dead-heat for a race or place shall be deemed winners of the race or place until the dead-heat is run off, or the owners agree to divide, and if the owners agree to divide, each horse which divides shall be deemed a winner of the race or place for which he divides.

(v) On a dead-heat for a match, the match is off or, if run over again, is a fresh match.

(vi) A horse dividing a stake after a dead-heat is a winner of the whole stake.

Second Money.

108. Any money or prize which, by the condition is to go to the horse placed second, or in any lower place in the race, shall, if the winner has walked over, or no horse has been so placed, be dealt with as follows, namely :—

(i) If it be part of the stakes or plate, it shall go to the winner ; or

(ii) If it was to be given as a separate donation from the Race Fund, or any other source, it shall not be given at all ; or

(iii) If it is entrance money for the race, it shall go to the Race Fund of the meeting. Unless under the provisions of Rule 71, clause (ii), it must be given to the winner.

PART X.

OBJECTIONS.

109. (i) Every objection must be made by the owner, trainer, or jockey of some other horse engaged in the same race, and must be made to a Steward, or to the Judge, or Secretary, or Clerk of the Scales. The person to whom it is made may require it to be put in writing and signed, and the objector shall, at the time he makes it, deposit the sum of Rs. 50, which, in the event of the objection being decided to be frivolous or vexatious, shall be forfeited to the Benevolent Fund, or, if otherwise, returned to the objector.

An objection may also be made without deposit by a Steward or a recognized official of a meeting.

(ii) If an objection to a horse engaged in a race be made not later than 2 P.M. of the day before the race if the race is to be run on the following morning, or not later than 10 A.M. of the day of the race, if it is to be run in the afternoon of that day, the Stewards may require his qualification to be proved before the race; and in default of such proof being given to their satisfaction, they may declare him disqualified. If the objection cannot for any reason be decided before the race, or if the Stewards are of opinion that time should be allowed to furnish the proof required, the horse shall start under protest and subject to result of the objection.

(iii) An objection to any decision of the Clerk of the Scales must be made at once.

(iv) An objection to a horse on the ground of a cross or jostle, or of his not having run the proper course, or of any other matter occurring in the race, must be made within a quarter of an hour after the winner has passed the post.

(v) An objection on the ground of fraudulent misstatement or omission in the entry under which a horse has run, or on the ground that the horse which ran was not the horse which he was represented to be in the entry, or at the time of the

race, may be received at any time within twelve months after the race.

(vi) In any other case an objection shall be made within 48 hours of the time fixed for the last race of the Meeting, exclusive of Sunday.

110. Every objection shall be determined by the Stewards, and their determination shall be subject to appeal to the Stewards of the Turf Club.

The appeal shall be lodged with the Stewards of the Meeting within three days from the date of the decision appealed against, and shall be accompanied by a deposit of Rs. 100, which shall be forfeited to the Benevolent Fund if the appeal is found to be frivolous or vexatious, otherwise it shall be returned to the person appealing.

No appeal shall be entertained after the expiry of the time above specified, unless the Stewards of the Turf Club are satisfied that there is good and sufficient cause for the delay, in which case they may entertain it.

111. If an objection to a horse which has won or been placed in a race be declared valid, the horse shall be regarded as having been last in the race and the other horses shall take position accordingly.

112 When a dead heat is run for second place, and an objection is made to the winner of the race, if such objection be declared valid in time for the dead heat to be run off on the day of the race, the Stewards may direct it to be run off accordingly, otherwise the horses which ran the dead heat shall divide.

113. An objection once made cannot be withdrawn without leave of the Stewards.

114. Pending the determination of an objection any money or prize which the horse objected to may have won or may win in the race shall be withheld until the objection is determined by the Stewards, and any forfeit payable by the owner

of any other horse shall be paid to, and held by, the Secretary for the person who may be determined to be entitled to it.

If an appeal against the decision of the Stewards, together with a deposit of Rs. 100, is lodged with such Stewards within the time specified in Rule 110, the stakes shall be withheld until the appeal is disposed of.

When any race is in dispute, both the horse that came in first, and any horse claiming the race shall be liable to all the penalties attaching to the winner of that race till the matter is decided.

THE DISPOSAL OF OBJECTION AND APPEALS TO THE STEWARDS OF THE TURF CLUB.

115. (i) The Stewards of a Meeting shall fix a time and place for disposing of every objection which has been duly preferred, and thay shall make a memorandum of all the evidence taken. The decision shall be that of the majority, and shall be recorded and signed by the Stewards who take part in it: Provided that any Steward who dissents may record his dissent.

(ii) If an objection involves questions of fact as well as of the interpretation or application of these rules, the Stewards must decide the questions of fact, and if they are unable to decide the other questions, they may refer the same to the Stewards of the Turf Club for decision. On such decision being communicated to them, they shall dispose of the objection in accordance therewith.

(iii) No Stewards shall take part in the decision of any matter in which he is directly or indirectly interested. If a Steward is incapacitated by this rule from acting, the remaining Stewards may, if they think fit, appoint some one to act for him.

116 If the Stewards refuse to entertain an objection which is formally and properly made,

or if within seven days of such objection being lodged, they fail to decide it, the person who has made the objection may report the case to the Stewards of the Turf Club, who may at their discretion decide the matter, and if they consider there has been any negligence, order any expense which may thereby arise to be defrayed out of the funds of the Meeting at which the case occurred.

117. The Stewards of the Meeting shall at once forward an appeal to the Secretary of the Turf Club, whether it is lodged within the time specified in Rule 110 or not, together with the amount deposited and all the proceedings held by them in, and relating to, the objection, and any further statement they may wish to make regarding it.

SELLING RACE.

118. (i) A selling race under these rules is a race in which every horse is entered to be sold and no claiming is allowed in a selling race.

(ii) Any horse running for a race "to be sold" shall, if a winner, be liable to be sold for the selling price, if a loser for the selling price added to the value of the stakes according to Rule 70. If the selling price is not stated at time of entry the horse shall be entered at the highest selling price.

(iii) The winner shall be sold by auction immediately after the race, any surplus over the selling price shall be divided between the owner of the second horse and the Race Fund of the Meeting; a losing horse shall also, if any one has, within a quarter of an hour after the race, expressed a wish to buy such horse, be put up to auction in the same way, and any surplus over the selling price and the value of the stakes shall go to the Race Fund of the Meeting.

(iv) A horse sold under the preceding clause shall not leave the place of sale without the authority of the Secretary, and if the horse be

not paid for, or the Secretary be not satisfied with the security for payment offered, within a quarter of an hour, he may order the horse to be put up a second time, and the purchaser at the first sale shall be responsible for any deficiency arising from the second sale, and shall be declared a defaulter until it is paid.

(v) No horse shall be liable to be sold unless the full added money is given. If a horse walks over for a selling race to which the full added money is given, he will be liable to be sold, and any surplus above the selling price will go to the Fund.

CLAIMING RACES.

119. (i) A claiming race is one in which every horse running is claimable by any one—if a winner, at the fixed price; if a loser, at the fixed price added to the value of the stakes.

(ii) A claim must be made within a quarter of an hour after the winner has passed the post.

(iii) The owners of horses placed shall have priority in the order of their places, and if the owners of two or more horses, having equal rights, claim, they are to draw lots. The owner of the winner has the last claim of those owning horses in the race, but has prior claim to the general public.

(iv) A horse claimed shall not be delivered till paid for, and payment shall be made by 2 P.M. of the day of the race if it is run in the morning, or by 9 P.M. if it is run in the afternoon, otherwise the claimant forfeits his right. If payment is not made, and none of the other persons entitled accept the horse, the owner may insist on the first claimant taking and paying for it, and if he refuse or neglect to do so, he shall be declared a defaulter in respect of the price.

(v) No horse shall be liable to be claimed unless the full added money is given. A horse walking over for a claiming race and receiving the full added money is liable to be claimed.

PROVISION IN CASE OF OBJECTION OR DEAD HEAT IN A CLAIMING OR SELLING RACE.

120. Rules 118 and 119 shall be subject to the following provisions in cases where a horse is objected to under Rules 109 to 117, inclusive.

(i) If the objection has not been made until after the horse has been bought or claimed, and the objection be declared valid, then in the case of a sale, if the price was less than the price of a beaten horse under Rules 118 (ii) and 119 (i), the sale is void, and the horse shall be returned; if the price was greater, the buyer shall have the option of returning him or of retaining him at the price given.

In the case of a claim, the claimant shall have the option of returning him or retaining at the price of a beaten horse.

(ii) If the objection be made before the horse has been claimed or bought, the time for selling or delivering him is thereby postponed until such time after the determination of the objection as the Stewards appoint; and if the objection be declared valid, the provisions of clause (i) of this rule shall take effect.

121. If a dead heat be declared for the first or any other place in a race, the time for claiming or selling the horses running the dead heat is thereby postponed until the dead heat is run off, as the Stewards appoint. In case of a division, each of the horses dividing is a winner for the purposes of these rules relating to claiming and selling, and any surplus (in the case of a selling race) shall be divided between those horses and the Race Fund.

122. When a horse is sold with his engagements or any part of them, the seller cannot strike the horse out of any of such engagements, and he remains liable for the amount of the forfeits in each of the engagements; but he may, if compelled to pay them by the purchaser's default, place the forfeit in the Forfeit List as due from the purchaser to himself.

In all cases of sale by private treaty, the written acknowledgment of both parties that the horse was sold with the engagement is necessary to entitle the seller or buyer to the benefit of this rule; and if certain engagements be specified, it is to be understood that those only are sold with the horse, but when the horse is sold by public auction, the advertised conditions of the sale are sufficient evidence; and if certain engagements only be specified, it is to be understood those only are sold with the horse. When a horse is sold by auction or claimed under the preceding rules, after a race in which he is liable to be sold or claimed, he shall be considered to be sold with his engagements, and the seller shall not be entitled to recover from the buyer any sum which he has paid on account of entrance money for future engagements, but the seller may claim to have notice of such engagements given at the time of sale.

When a person is entitled by purchase or otherwise to start for any engagement a horse which was entered by another person, and he is prevented by these rules from starting the horse without paying forfeits or fees to which he would not otherwise be liable, he may, if he pay such forfeits and fees, start the horse and place the forfeits and fees in the Forfeit List with the names of the horses in respect of which they are due as due to himself.

Corrupt Practices.

123. (i) If any person corruptly give or offer any moneys, share in bet, or other benefit to any person having official duties, in relation to a race or to any jockey; or

(ii) If any person having official duties in relation to a race, or any jockey corruptly accept or offer to accept any money, share in a bet or other benefit; or

(iii) Wilfully enter or cause to be entered, or to start for any race a horse which he knows to be disqualified; or

(iv) If any person be guilty of any other corrupt or fraudulent practices on the Turf in this or any other country ;—

Every person so offending shall be warned off the Bombay and Poona Course and other places where these rules are in force.

124. When a person is warned off the Bombay and Poona Course, and so long as his exclusion continues he shall not be qualified, whether acting as an agent or otherwise, to subscribe for, or to enter or run any horse for any race, either in his own name or in that of any other person ; and any horse of which he is wholly or partly the owner, or which, after the fact of his being warned off, has been published in the Racing Calendar, shall be proved to the satisfaction of the Stewards of a Meeting to be under his care, training, management or superintendence, shall be disqualified.

If a person be so excluded for any fraudulent practice in relation to a particular horse, wholly or partly belonging to him, such horse shall, at the discretion of the Stewards of the Turf Club, be perpetually or temporarily disqualified for all races, and the owner or owners of such horse shall, if so ordered by the said Stewards, return all money or prizes which such horse has won in any race at any Meeting.

125. If any person be a declared defaulter for lotteries or bets, he shall be disqualified as in the last rule mentioned until his default is cleared.

126. No horse which is disqualified for the fraudulent conduct of his owner from running in a race in any place or country, to which these rules do not extend by the established Turf authority of such place or country, shall run in any race to which these rules apply, so long as such disqualification continues.

127. The Stewards of the Turf Club are empowered to take notice of the corrupt or fraudulent conduct of any person running or concerned,

whether as owner, trainer, jockey or otherwise, with the running of horses, whether the same shall, or shall not, have been officially reported to them.

GENTLEMEN-RIDERS.

128. The following persons are qualified to ride as gentlemen-riders at meetings where these rules are in force :—

Officers in the Army, Navy or Covenanted Civil Service, Members of the W. I. Turf Club and C. T. Club, Byculla, Bombay, Bombay Yacht, Calcutta or United Service, Club of Western India, Bengal or Madras Club; or such persons as may be by ballot elected to the position of gentlemen riders by the W. I. T. C. Five members voting will constitute a ballot, one black ball in five will exclude. A person so elected will be qualified to ride as a gentleman-rider for one year from the date of his election, when he will again be subject to ballot. A register of all persons elected to the position of gentlemen-riders under the rule shall be kept by the Secretary.

TRAINERS AND JOCKEYS.

129. (i) No trainer shall train on the Bombay and Poona Course without the permission in writing of the Stewards of the Turf Club. Such permission may be revoked at any time.

No jockey shall ride in any race under these rules until he shall have obtained a license from the Stewards of the Turf Club, but no rider will be required to take out a license until the last day of the month in which he shall have ridden a winner for the first time.

Every application for a license shall be made to the Secretary of the Turf Club, and shall state the full name and address of the jockey applying. A list of the licensed jockeys shall be published annually in the Racing Calendar.

Licenses to trainers, jockeys and riding boys will be only granted for 12 months to continue in force up to the end of April of each year.

(ii) In the absence of a special agreement to ride for a lower sum, the fee to a winning jockey shall be Rs. 100, and to a losing jockey Rs. 50 in a flat race; and to a winning jockey Rs. 200, and to a losing jockey Rs. 100 in a steeplechase or hurdle race.

(iii) Any person who fails to pay the fee of a jockey whom he has engaged may, on the complaint of such jockey, be called upon to pay, either by the Stewards of a Meeting at which such fees become due, or by the Stewards of the Turf Club.

In the event of default, Rule 93 shall apply.

(iv) In the absence of special agreement a jockey's retainer cannot be terminated otherwise than by a three months' notice in writing on either side.

Employers retaining the same jockeys have precedence according to the priority of their retainers.

If a jockey be prevented from riding by suspension, any person who has retained him may cancel the retainer, and the Stewards of the Turf Club have power to release any jockey from his retainer for any cause appearing to them sufficient.

(v) The Stewards of the Turf Club may suspend from riding any jockey who is proved to their satisfaction to have broken the conditions on which he is retained, and they may cancel for any misconduct the license of any jockey. Betting on the part of a jockey shall be deemed misconduct under this rule.

(vi) Any owner or trainer, or both, who shall knowingly employ a jockey who has not received a license, shall be liable to be fined such sum as the Stewards of the Turf Club may determine.

(vii) No owner or trainer shall engage any lad or other stable servant who has been employed in a racing stable, or has broken an agreement under which he served, without a reference to the person in charge of such stable, and receiving

a satisfactory reply in writing. An owner or trainer infringing this rule and continuing to employ such lad after notice has been served upon him shall not be allowed to run or train horses where these rules are in force.

The horses of any owner who knowingly employs any jockey or riding boy, whilst under disqualification, shall be debarred from running at any Meeting held under W. I. T. C. Rules.

Under exceptional circumstances leave may be granted to jockeys, who are also trainers, to own one or more horses, provided that such horse or horses are trained in their own stables. This permission will be only granted from year to year, and may be at any time revoked by the Stewards.

Registration of Colours.

130. The owner of any race horse may register his racing colours at the office of the Turf Club on payment of a fee of Rs. 10. The registration shall remain in force for a period of two years, calculated from the 1st of May next following the date on which the registration was made, and during that period no other owner shall be entitled to use similar colours.

If two or more persons apply to register the same colours, the Stewards of the Turf Club shall decide between them, and such Stewards shall decide all disputes as to the right to particular colours. If any owner adopts the registered colours of another owner at any Meeting at which the latter has horses running, he shall be liable to a penalty not exceeding Rs. 50 for each race in which such colours are made use of.

If two persons, who have not registered colours, declare the same colours for any one race, the Stewards may direct either of them to adopt different colours, and if he fails to do so, he shall be liable to be fined in a sum not exceeding Rs. 50.

APPROPRIATION OF FINES—BENEVOLENT FUND.

131. A fund shall be opened under the name of the "Benevolent Fund" for the relief of trainers or jockeys, who, from accident, sickness or any other good cause, are incapacitated from carrying on their profession.

This fund shall be under the charge of the Stewards of the Turf Club, and all fines imposed under these rules shall, when realized, be remitted to such Stewards and credited to such fund.

CALCULATION OF TIME.

132. When the last day for doing anything in relation to a race falls on a Sunday, it may be done on the following Monday, unless the race to which such act relates is appointed for that day, in which case it must be done on the previous Saturday.

NEW RULES.

133. No new rule of racing shall be made, and no existing rule shall be rescinded or altered, unless the proposed rule or alteration has been published in the Racing Calendar, and notice given of the Meeting at which it is to be proposed. And no new rule, or repeal, or alteration of a rule shall take effect, until it has been confirmed at the Meeting ensuing that at which it was passed, and until it has been published in the Racing Calendar.

134. If any question arises, which is not provided for by these rules, the rules, practice, and decisions of the Jockey Club shall be followed, and the decision of the Stewards of the Turf Club shall be final thereon.

RULES RELATING TO LOTTERIES.

1. The Western India Turf Club will take no notice of a lottery which is not held subject to these rules.

2. A lottery, in order to come under these rules, must be held at, and in connection with, a meeting to which the Western India Turf Club Rules apply, with the permission and under the control of the Stewards of the Meeting.

3. Such Stewards shall determine, consistently with these rules, the terms of which the lottery shall be held with reference to the number and value of the tickets, the persons by whom the same may be taken, the time and mode of payment, the percentage payable to the Race Fund, and all other necessary matters.

4. In the absence of any condition to the contrary only those persons who have taken a ticket in a lottery shall be allowed to bid for, or purchase, or take a share of a horse in such lottery.

5. The owner of a horse, or his agent, has the right to claim and take from the drawer or purchaser of his horse, as the case may be, a one-half or any less share of such horse in the lottery in which he is drawn or sold: Provided that the claim is made immediately after the horse is sold and the owner or his agent has got five tickets in the lottery. A claim so made shall be noted in the lottery paper, and the claimant shall be deemed a purchaser to the extent of his claim, limited as above stated.

An owner or his agent has a right to claim five tickets in a lottery in which his horse has to be drawn, and five tickets shall be allotted if the claim is made in proper time.

6. When two or more horses, the property of the same persons, or person, are declared to start in a race, or if the starting declarations have not been made, are engaged to run in the same race, such horses shall be drawn together and not separately.

This rule does not apply to horses, the property of different persons, but in the same stable, unless the Stewards direct that it shall apply.

7. Any person taking a ticket in a lottery shall be entitled on a bid being made to know the name of the person who made the bid; and if the bidder be the person conducting the lottery he shall declare the name of the person for whom the bid is made. This rule shall not be understood to authorize the person conducting a lottery to bid if he is prevented from doing so either by the rules of the meeting or by the order of the Stewards.

8. Within five minutes after the last horse has been sold in a lottery, the lottery paper shall be closed, and no subsequent transfer or assignment of a share or interest in a horse which has been sold or drawn in such lottery shall be entered therein or shall be recognized in making up the lottery account.

The persons whose names are recorded in such paper, either as holder of tickets or as purchasers of horses shall be responsible for the liabilities incurred according to such record and the only, or their authorized agents, shall be entitled to receive any sums due according to the lottery account.

9. No person who is declared a defaulter for bets or lotteries, or who has been warned off the Bombay or Poona Courses for fraudulent conduct in connection with horse-racing under a sentence which is still in force shall be admitted to a lottery room, and no person, whose name is in the unpaid Forfeit List, shall be allowed to take a ticket in any lottery.

10. No trainer or jockey shall be allowed to take a ticket in a lottery unless he holds a written authority to represent an owner whose horse is to be drawn in such lottery, or unless he is himself the owner of such a horse; under Rule 5, he may make such claim, or he may bid for or purchase such horse only.

If he represents an owner, the latter shall be responsible for the tickets taken and purchases made on his behalf.

11. When a race is postponed or run over again all lotteries on it shall stand.

12. Lottery accounts shall be settled whenever required by the Stewards; any person failing then to settle is liable to be reported to the Stewards of the Western India Turf Club as a defaulter.

13. If no objection is lodged within the time specified lotteries go to the horse placed first by the Judge, and the settling, except in cases of fraud, shall not be disturbed. If an objection is made within the said time lotteries go with stakes.

14. If a stake is withheld pending the decision of an objection against the horse which came in first, or pending the determination of an appeal from such decision, the lottery money shall also be withheld until the objection or appeal is disposed of.

15. When the lottery money is withheld under the last rule the settling shall proceed, as regards losers, in the same way as if no objection had been made, and all money due in connection with the lottery shall be paid to and held by some person authorized to receive the same for the person who may be found entitled.

RULES AS TO DEFAULTERS FOR LOTTERIES AND BETS.

1. A person may be reported to the Stewards of the Western India Turf Club as a defaulter for lotteries or bets by the Stewards of the meeting at which the default occurred, or by a person who has been short paid on account of the default, or to whom the money for the bet is due.

2. In reporting a default the full name, title, profession, and address of the defaulter must be given. The report must be accompanied, in the case of a lottery, by a full statement of the account of the defaulter, and in the case of a bet, by full particulars of such bet, and of the time and place when it was made, and in either case by any documents bearing on the case.

3. The Stewards of the Western India Turf Club may, on receipt of such report, call upon the defaulter to make good his default by remitting to the Secretary of the Club, within a specified time, the amount due, and on his failing to do so, or to submit a satisfactory explanation of the cause of his failure or omission, may declare him to be a defaulter.

4. A list of declared defaulters shall be kept by the Secretary of the Western India Turf Club, and a copy of this list will be forwarded to the Secretaries of the Race Meetings at such times as the Stewards of the Western India Turf Club may direct

RULES OF BETTING.

1. The Stewards of the Western India Turf Club have authority to settle all questions relating to bets.

In all bets there must be a possibility to win when the bet is made.

You cannot win when you cannot lose.

2. The interest of the bets are inseparable from the interests of the stakes, except when the winning horse is disqualified, owing to a default in making stakes; or if an objection be made to the qualification of a horse on the ground of incorrect pedigree or nomination, *after the race is run*, the bets shall go to the horse that comes in first: provided he is of the right age, and that in other respects he has not transgressed the rules of racing; but if the owner of a horse, or a person on

his behalf, succeed, by fraud or by false statements in starting him for a race for which he is legally disqualified, the bets will go with the stakes whether any objection be made either before or after the race.

3. All double bets must be considered "play or pay."

4. All bets on races run on the Bombay or Poona Courses are play or pay, unless otherwise specified.

5. When a bet is not play or pay but conditional on the horse or horses starting for the race about which the bet is laid, it is considered a start when the starter calls on the riders of the horses brought out to run for the race to take their place.

6. All bets on matches and private sweepstakes depending between any two horses shall be void if those horses become the property of the same person, or if his avowed confederate subsequently to the bets being made.

7. All bets between particular horses shall be void if neither of them win, unless otherwise specified.

8. All bets made on the result of a race after it is over are void.

9. When races are postponed by the Stewards on account of unfavourable weather all bets on races for Cups, Purses and Public Money must stand.

10. If a match or sweepstakes be made for any particular day in any race week, and the parties agree to change the day to any other in the same week, all bets must stand, but if the parties agree to run the race in a different week, or to make the slightest difference in the terms of the engagement all bets made before the alteration are null and void.

11. Bets made on horses winning any number of races within the year shall be understood as

meaning between the 1st of May and the 30th of April.

12. When horses run a dead heat for a plate or sweepstakes, and the owners agree to divide all bets between such horses, or between either of them and the field, must be settled by the money betted being put together and divided between the parties in the same proportion as the stakes. If a bet be made on one of the horses that ran the dead heat against a beaten horse, he who backed the horse that ran the dead heat wins half his bet if his horses received half the prize; if the dead heat be the first event of a double bet, the bet is void, unless one horse received above a moiety, which would constitute him a winner in a double event.

13. If no objection is lodged within the time specified in Rule 109 (vi), bets go to the horse placed first by the Judge, and the settling, except in cases of fraud, shall not be disturbed. If an objection is made within the said time, bets go with stakes.

14. Bets made on one horse against another are determined if either of them should win; unless agreed by the parties, it is not indispensable that both horses should start. Bets made between horses 1, 2, 3 are determined by the place assigned by the Judge; it is not necessary to say the best of 1, 2, 3.

15. If odds are laid in running or immediately after the horses pass the post, and a dead heat is the result; and in "double events," if either is decided in the backer's favour and the other results in a dead heat, the money betted must be put together and equally divided. As according to racing custom, matches which result in a dead heat are void, bets are void also.

16. If a bet is made on one of the horses that runs the dead heat against a beaten horse, and the owners agree to divide, he who backed the horse

that ran the dead-heat wins half his bet. If odds are laid on one horse against another 1, 2, 3, and they run a dead-heat for either place, the money betted must be put together and equally divided.

17. The person who lays the odds has the right to choose a horse, or the field: when a person has chosen a horse, the field is what starts against him. If odds are laid without mentioning the horse before the race is over, the bet must be determined by the state of the odds at time of making it.

18. Bets made after a race that the winner will be disqualified, stand, even if no objection be made.

19. Any bet made from signal or indication when the race has been determined shall be considered fraudulent and void.

20. Double event bets are determined when the first is lost.

21. Money given to have a bet laid shall not be returned, though the race be not run.

22. Bets once made cannot be declared off, except by mutual consent, but on any allegation of fraud or corrupt practice, the Stewards of the Western India Turf Club will investigate the case and may declare the bet void. Either of the bettors may demand stakes to be made, on proving to the satisfaction of the Stewards of the Western India Turf Club that he has just cause for doing so. If ordered, the bets must be covered, or sufficient security offered, and a person refusing to cover shall be liable to be dealt with as if he were a defaulter.

23. If any extraordinary occasion should arise, or in cases of notorious and palpable fraud, any of the before-mentioned rules may be suspended by the Stewards of the Western India Turf Club.

24. A bet becomes due when the event on which it depends is decided.
